PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **Power BI dashboards** and reports to support construction and data centre projects, translating business requirements into actionable visualisations, improving stakeholder decision-making speed by **30%**.
- Modeled, transformed, and cleansed data from diverse sources including **Excel, ERP systems, and SQL databases** using **Power Query (M)** and **DAX** for enhanced reporting accuracy.
- Collaborated with cross-functional teams including project controls, commercial, and finance to gather reporting requirements and ensure data consistency across multiple project outputs.
- Automated recurring manual reporting processes using **Python scripting**, reducing report generation time by **40%** and minimizing manual errors.
- Supported production environments for enterprise applications, performing **incident response** and SLA management, maintaining **99.9%** system availability.
- Managed change control processes for enterprise business systems, coordinating User Acceptance Testing (UAT) and providing post-go-live support for integrated platforms.

SKILLS

BI Development – Power BI, DAX, Power Query (M), Data Modelling, Data Visualisation, Business Intelligence, Tableau

Programming & Scripting – Python, Java, Spring Boot, SQL, R

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, CI/CD

Databases – PostgreSQL, MySQL, Oracle

Data Analytics & ML – Pandas, NumPy, Scikit-learn, Statistical Analysis, Exploratory Data Analysis

Enterprise Systems – ERP Systems, REST APIs

Tools & Methodologies – Jira, Confluence, Agile, Scrum, Linux

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Construction Project Performance Dashboard

- Designed and implemented a comprehensive **Power BI dashboard** for tracking key performance indicators (KPIs) across construction projects, integrating data from **project management tools** and **SQL databases**.
- Developed complex **DAX measures** for financial analysis, resource allocation, and schedule adherence, enabling real-time project status monitoring for senior management.

- Automated data refresh processes and maintained documentation for the dashboard and its underlying datasets, ensuring data integrity and ease of use.

Financial Operations Transaction Monitoring System

- Built and supported a **Java Spring Boot application** to monitor financial transaction flows, processing high-volume message queues and identifying failed transactions.
- Developed automated alerts and reporting mechanisms using **Python scripting** and **Splunk** for operational teams, reducing manual oversight by **50%**.
- Managed production incidents and coordinated with business analysts to implement enhancements for reconciliation workflows, contributing to a **99.95%** uptime for the monitoring service.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
