

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Assisted senior engineers with the installation of **structured cabling** and **telecom systems** at client sites, ensuring adherence to project specifications and quality standards.
- Supported the configuration and deployment of **cloud-based phone systems** and on-premise PBX solutions for enterprise clients, troubleshooting integration issues.
- Diagnosed and resolved technical faults for **telecom and IT infrastructure**, both remotely and onsite, maintaining clear communication with customers to ensure service continuity.
- Contributed to the development of a **Python-based automation framework** to streamline deployment processes for network devices, reducing manual intervention time by **30%**.
- Managed incident response for critical enterprise applications, conducting root cause analysis and implementing fixes within strict **SLA** parameters, achieving a **99.9%** uptime.
- Developed and maintained **REST APIs** using Java Spring Boot for inter-service communication, facilitating seamless data exchange across distributed systems and improving system integration efficiency.

SKILLS

Telecoms & Networking – Structured Cabling, Telephone Systems (PBX, Hosted), Networking Fundamentals, Routers, LAN, IP Basics, Fault Diagnosis, Remote Support

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting

Programming & Scripting – Python, Java, Spring Boot, REST APIs, SQL

Data & Analytics – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, R, pandas, NumPy, scikit-learn

DevOps & CI/CD – Jenkins, Git, Code Reviews

Project & Operations – Agile/Scrum, Jira, Confluence, Incident Response, SLA Management, Change Management, Customer Service

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Customer Site Network Deployment Assistance

- Supported the setup and configuration of **local area networks (LANs)** and IP addressing schemes for small to medium businesses during on-site installations.
- Assisted in the physical installation of **structured cabling**, including patch panel termination and cable testing, ensuring compliance with industry standards.

- Collaborated with senior engineers to document network configurations and troubleshoot connectivity issues, contributing to timely project completion for **multiple client engagements**.

Automated Telecom System Monitoring Dashboard

- Developed a **Power BI dashboard** to visualize real-time status and performance metrics of hosted telecom systems, consolidating data from various sources.
- Implemented **Python scripts** to collect system logs and performance data, performing basic ETL processes using pandas for aggregation before loading into the reporting database.
- Designed custom **DAX measures** to calculate key performance indicators (KPIs) such as system uptime and incident resolution times, providing actionable insights to the operations team.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
