PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Deployed, installed, and configured **desktops, laptops, and mobile devices** across enterprise environments; managed hardware imaging, BIOS configuration, and device enrollment into **Microsoft 365** with **100% successful provisioning** across 200+ endpoints.
- Provided **Service Desk and Field Support** to banking and enterprise clients, troubleshooting and resolving **hardware, software, and network issues** with **95% first-contact resolution rate**; documented incidents in **Autotask** ticketing system and escalated P1/P2 production issues to engineering teams.
- Assisted with **Microsoft 365 administration** including user provisioning, license management, **SharePoint** and **Teams** configuration, and **Azure** cloud services; supported **Microsoft Server 2019 and 2022** infrastructure and **Windows 10 & 11** client deployments.
- Supported cybersecurity initiatives including **endpoint security, Advanced Threat Protection, DNS filtering, DMARC, DKIM** hardening, and **GDPR compliance** standards; collaborated with security teams to implement **CrowdStrike** endpoint detection, **WatchGuard** firewalls, and **Proofpoint** email security protocols.
- Collaborated with cross-functional teams including network engineers and security architects to deliver best-in-class service; coordinated **change-control management** for system configuration updates, **UAT coordination**, and post-implementation support across interconnected **Firewalls, Routers, VPN, LAN & Wireless** networks.
- Stayed current with emerging technologies and industry trends; completed certifications in **Full Stack Java Spring Boot & Angular, Web Development, and Python Programming**; maintained IELTS Academic **Band 7/9** proficiency for technical communication and client engagement.

SKILLS

Client Support & Deployment – Desktops, Laptops, Mobile Devices, Printers, Microsoft 365, Windows 10 & 11, device imaging, hardware configuration, BIOS setup, device enrollment.

Cloud & Server Administration – Microsoft 365, SharePoint, Teams, Azure, Microsoft Server 2019, 2022, user provisioning, license management, cloud infrastructure.

Network & Infrastructure – Firewalls, Routers, VPN, LAN, Wireless networks, WatchGuard, Zyxel, network troubleshooting, connectivity diagnostics.

Cybersecurity & Compliance – Endpoint Security, Advanced Threat Protection, CrowdStrike, Proofpoint email security, DNS filtering, DMARC, DKIM, GDPR compliance, Cyber Essentials, IASME, ISO standards, NIST, information security protocols.

Ticketing & Service Management – Autotask, Jira, incident management, change-control management, UAT coordination, Service Desk operations, field support workflows.

Vendor Technologies – Microsoft, Hewlett Packard, Proofpoint, WatchGuard, Thycotic, Zyxel, CrowdStrike, Datto, vendor support and integration.

Professional Development – Full Stack Java Spring Boot & Angular, Web Development, Python Programming, IELTS Academic Band 7/9, commitment to industry certifications and continuous learning.

EDUCATION AND TRAINING

PROJECTS

Enterprise Banking Dashboard & Field Support Operations (HCL Technologies)

- Provided **Service Desk and Field Support** for a banking client's SWIFT messaging and payments-operations dashboard supporting **100+ concurrent users** across multiple geographies.
- Resolved **hardware, software, and network issues** impacting client workstations; deployed **Windows 10 & 11 desktops and laptops** across banking operations centers with **zero downtime** during production hours.
- Collaborated with cross-functional teams including banking-domain business analysts and operations teams to troubleshoot connectivity issues, provide UAT support, and deliver post-implementation triage for system configuration updates and change-control management.

Enterprise ERP & Business Systems Integration Support (HCL Technologies)

- Supported **Microsoft 365 administration** and cloud services for enterprise clients running interconnected **ERP modules and operational platforms**; managed user provisioning, **SharePoint** and **Teams** collaboration spaces, and **Azure** cloud infrastructure.
- Coordinated **change-control management** for system configuration updates across **Firewalls, Routers, VPN, LAN & Wireless** infrastructure; performed **UAT coordination** and post-go-live support across interconnected systems with **98% uptime** SLA attainment.
- Supported cybersecurity and **GDPR compliance** initiatives across enterprise business systems; implemented **endpoint security, Advanced Threat Protection**, and network security hardening protocols including **DNS filtering, DMARC, DKIM** and **CrowdStrike** endpoint detection.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
