

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • Stamp 1G — Full-Time Work Eligible

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained native macOS, iOS, and iPadOS application features using **Swift** and **SwiftUI**, delivering polished, user-centered experiences.
- Owned end-to-end feature development cycles, from initial requirements gathering and technical design through implementation, rigorous testing, and iterative deployment.
- Integrated platform services and **Swift Concurrency** to build interconnected applications that enhance usability and reduce manual effort for thousands of employees.
- Collaborated with product managers and designers to translate complex requirements into intuitive and accessible UI/UX solutions across Apple platforms.
- Wrote comprehensive automated tests, including **unit** and **UI tests**, contributing to a high standard of engineering quality and system reliability.
- Participated actively in code reviews, providing and receiving constructive technical feedback to elevate team-wide development practices and code maintainability.
- Diagnosed, debugged, and resolved production issues, contributing to detailed post-incident analyses and actionable learnings for future development.

SKILLS

Languages – Swift, SwiftUI, Objective-C, Python, Java, SQL

Apple Platforms – macOS, iOS, iPadOS, Swift Concurrency, SwiftData, Core Data, Combine, App Intents, Shortcuts, WidgetKit

Development Tools – Xcode, Git, Jenkins, Jira, Confluence

APIs & Architecture – RESTful API integration, System Frameworks, Client-side Data Architecture, Software Design Principles, Data Structures, Algorithms

Testing & Quality – Unit Testing, Integration Testing, UI Testing, Code Reviews

AI/ML – Core ML, Foundation Models framework, LLM APIs

PROJECTS

Internal Employee Productivity App Enhancement

- Developed new features for an internal macOS application using **Swift** and **SwiftUI**, focusing on improved data visualization and task management.
- Integrated **App Intents** and **Shortcuts** to enable seamless workflow automation and deeper system interoperability for end-users.
- Implemented client-side data persistence using **SwiftData**, ensuring efficient data handling and offline access for core application functionalities.

Cross-Platform Notification Service

- Engineered a RESTful API service in **Java Spring Boot** to manage and dispatch notifications across multiple internal platforms.
- Designed and implemented database schemas in **PostgreSQL** to store notification preferences and delivery logs for over 5,000 users.
- Containerized the service using **Docker** and deployed it to an **AWS EC2** instance managed via **Jenkins** CI/CD pipelines.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
