HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided phone and remote **support to customers** for diverse IT issues, ensuring **prompt problem resolution** and maintaining clear communication throughout incident lifecycles.
- Applied diagnostic **techniques to identify problems**, investigating root causes and recommending effective solutions for IT failures across client environments.
- Conducted onsite visits to client locations to resolve complex issues, perform hardware installations, and provide hands-on technical assistance.
- Supported the deployment and configuration of **Microsoft 365** services, including user account management and application troubleshooting.
- Managed and maintained **Windows Servers** and basic **firewall configurations**, responding to alerts and ensuring system stability for managed services clients.
- Assisted in the evaluation and recommendation of appropriate **IT products** to meet client business objectives, compiling quotes and managing procurement and installation.
- Maintained detailed incident logs and documentation within a **ticketing system**, contributing to a knowledge base for common issues and resolutions.

SKILLS

IT Support – Phone Support, Onsite Support, Problem Resolution, Incident Management, Ticketing Systems, Customer Communication, Root Cause Analysis

Operating Systems – Microsoft 365, Windows Server, Linux

Networking & Security – Firewalls, Network Troubleshooting

Hardware & Software – Hardware Installation, Software Installation, IT Product Recommendation

Methodologies – Agile, Scrum

Tools – Jira, Confluence, Splunk, Dynatrace, Jenkins, Git, Docker, AWS

PROJECTS

Enterprise Application Support & Automation (HCL Technologies)

- Provided production support for enterprise Java and .NET applications, managing SLAs and responding to P1/P2 incidents using **Splunk** and **Dynatrace** for monitoring.
- Developed **Python scripts** to automate ETL processes and scheduled reporting, improving data pipeline efficiency and reducing manual effort by approximately **30%**.
- Managed change control processes for system configurations and coordinated User Acceptance Testing (UAT) for updates across interconnected enterprise systems.

Client IT Infrastructure Enhancement (HCL Technologies)

- Supported and integrated with enterprise business systems, including ERP modules and operational platforms for a financial-services client.
- Developed **REST APIs** in **Java Spring Boot** to facilitate cross-system integrations and data flow between PostgreSQL and Oracle databases.
- Contributed to the containerisation of services using **Docker** and deployment on **AWS EC2** instances, enhancing application portability and scalability.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
