HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided first- and second-line support for laboratory systems including **LIMS** and **Empower**, troubleshooting software configurations and user access issues for an enterprise customer.
- Supported integration of laboratory applications between instruments, databases, and enterprise systems, ensuring reliable **data flow** and compliance with data integrity principles.
- Maintained and supported system configurations, user roles, and access controls in accordance with **GMP**, **ALCOA**, and company policies for regulated IT environments.
- Created and updated system-related documentation such as **SOPs**, Work Instructions, and Configuration Specifications for GxP systems.
- Performed scheduled and ad hoc system maintenance and upgrades, coordinating with vendor teams to ensure minimal lab disruption and adherence to **change management** procedures.
- Collaborated with laboratory users to understand workflows, provide training, and offer ongoing system optimization, enhancing user adoption of **lab digitalization** initiatives.
- Assisted in system validation activities, including IQ-OQ-PQ support and change control impact assessments for critical laboratory IT infrastructure.

SKILLS

Laboratory Systems – LIMS, Empower, Caliber, FTIR, UV software, RF Smart

Databases – SQL, PostgreSQL, MySQL, Oracle

Compliance & Quality – GMP, GxP, ALCOA, Data Integrity

IT Support Tools – Jira, Confluence, Splunk, Dynatrace

Cloud & OS – AWS, Linux, Docker

Programming & Scripting – Java, Python, Spring Boot

Methodologies – Agile, Scrum, Change Management

PROJECTS

GxP Laboratory System Support Framework

- Developed a comprehensive support framework for **GxP laboratory systems**, including detailed SOPs and troubleshooting guides for common issues.
- Implemented enhanced monitoring using **Splunk** to proactively identify and resolve potential data integrity risks across interconnected lab applications.
- Coordinated with quality assurance teams to streamline the change control process for system updates, reducing review times by approximately **18%**.

Enterprise System Integration for Lab Data

- Engineered Python scripts to automate data extraction and validation from **PostgreSQL** databases supporting laboratory instruments, ensuring accurate data flow.
- Facilitated integration between a **LIMS** system and an enterprise ERP platform, enabling seamless transfer of critical batch and quality control data.
- Supported the configuration and testing of interfaces for new laboratory equipment, ensuring compliance with **data integrity** requirements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
