PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided technical support for **computer systems** and **networks**, resolving issues for office and factory staff across multiple sites.
- Installed and configured **computer systems**, including workstations and printers, ensuring optimal performance and user satisfaction.
- Performed basic **hardware repairs** and troubleshooting on workstations and peripherals to minimize downtime.
- Monitored and maintained **enterprise applications** using **Splunk** and **Dynatrace**, managing SLAs and responding to P1/P2 incidents.
- Developed **Python scripts** for automation of data pipelines and scheduled reporting tasks, improving process efficiency.
- Managed change control processes for system configurations and coordinated User Acceptance Testing (UAT) for enterprise systems.
- Analyzed system logs and conducted shell scripting on **Linux** environments to support production operations.

SKILLS

IT Support – Computer Systems, Networks, Hardware Repair, Printer Repair, Workstation Setup, Technical Support, Troubleshooting

Software & Applications – Windows Software Packages, Computer Applications, Microsoft Office Suite

Monitoring & Logging – Splunk, Dynatrace, CloudWatch

Scripting & Automation – Python, Shell Scripting

Operating Systems – Linux, Windows

Enterprise Systems – ERP Systems, Change Management, UAT Coordination

Databases – SQL, PostgreSQL, MySQL, Oracle

PROJECTS

Enterprise System Support & Automation (HCL Technologies)

- Provided production support for enterprise applications, monitoring system health and responding to critical incidents to maintain operational stability.
- Automated routine reporting tasks using **Python scripting**, reducing manual effort by approximately **15 hours per week** for the operations team.
- Assisted in the deployment and configuration of new software modules across interconnected enterprise systems, ensuring seamless integration.

IT Infrastructure Maintenance & User Support (HCL Technologies)

- Maintained and troubleshooted **workstations** and **printers** for a user base of over **200 employees**, resolving an average of **15 tickets daily**.
- Installed and configured **Windows-based computer systems** and essential software packages according to organizational standards.
- Documented common IT issues and resolutions in a knowledge base, aiding user self-service and reducing support escalations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
