PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content against **community standards** and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, and **scams**, documenting enforcement decisions.
- Identify and flag emerging **abuse trends** through content review and analysis of user reports.
- Achieve and maintain high quality, calibration, accuracy, and productivity targets in content moderation operations.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs to support data flows and feature enhancements.
- Wrote Python scripts for automation, data pipelines, and scheduled reporting, ensuring data integrity.
- Managed SQL databases (PostgreSQL, MySQL, Oracle), performing ad-hoc queries and validating data for accuracy.
- Responded to P1/P2 incidents for enterprise applications, managing production support and adhering to SLAs.
- Monitored application health using Splunk and CloudWatch, analysing logs for anomalies and performance issues.
- Handled production issues for a financial-services client's payments operations dashboard, monitoring transaction flows.
- Collaborated with operations and business analysts on requirements, UAT support, and post-implementation triage.
