PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Served as the primary pricing contact for assigned enterprise accounts, collaborating with Sales and Business Unit teams to define account pricing strategies and support customer growth initiatives.
- Supported annual customer price negotiations by analyzing historical pricing data, market dynamics, and profitability metrics to formulate data-informed recommendations and drive stakeholder alignment.
- Developed and maintained **profitability models** and pricing analysis tools to evaluate the impact of promotions, discounts, and custom contract bids on gross margin.
- Audited historical sales data to identify and address **price leakage**, including discounting behaviors, margin discrepancies, and unapproved price exceptions, ensuring compliance with corporate policy.
- Ensured adherence to corporate margin policy, price consistency, and license requirements through rigorous audit of customer contracts and pricing standards.
- Built expertise on assigned accounts, understanding their ecosystems, end-customer relationships, and historical pricing to inform strategic decisions.
- Partnered with Sales teams to develop effective pricing structures for future opportunities, presenting pricing insights in strategy discussions and contributing to value-based pricing approaches.

SKILLS

Pricing Analysis – Customer Pricing, Annual Price Negotiation, Profitability Modeling, Price Leakage Tracking, Value-Based Pricing, Discounting Analysis, Contract Management

Business Acumen – Customer Growth, Gross Margin, Commercial Analysis, Account Strategy, Sales Operations, Business Performance

Data Analysis & Tools – Microsoft Excel, Data Analysis, BI Platforms, ERP Systems, CPQ, CRM, Power BI, SQL

Stakeholder Management – Cross-functional Collaboration, Sales Alignment, Business Unit Partnership, Executive Presentations, Communication

Core Technologies – Python, Java, SQL, Spring Boot, AWS, Docker, Linux, Jenkins, Jira, Confluence, PostgreSQL, MySQL, Oracle, Splunk, Dynatrace, pandas, NumPy, scikit-learn, Power BI, Tableau, R / RStudio, DAX

PROJECTS

Customer Pricing Strategy Tool (HCL Technologies)

- Developed a **Python-based tool** to analyze historical sales data and customer purchasing patterns, providing insights for annual price negotiations for enterprise clients.
- Integrated **SQL queries** against PostgreSQL and Oracle databases to extract transaction and discount data, feeding into profitability models within the tool.
- Designed a user interface for the tool, enabling Sales and Business Unit teams to input negotiation parameters and receive data-driven recommendations with an estimated **15% improvement** in negotiation preparation efficiency.

Enterprise Discount Compliance Dashboard (MSc Applied Project)

- Created an interactive **Power BI dashboard** to visualize and track adherence to discount policies across multiple business units, identifying potential price leakage.
- Extracted and transformed data from various sources using **Power Query** and applied **DAX measures** to calculate margin impact and compliance rates.
- Presented findings and actionable insights to a simulated stakeholder group, highlighting areas for improved pricing governance and reducing unapproved discounts by an estimated **10%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
