PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided in-person IT support for users in the Dublin office, resolving hardware and software issues across **Apple**, **Windows**, and **ChromeOS** devices.
- Responded to and managed user requests through a **ticketing system**, prioritizing and resolving issues to maintain operational continuity.
- Built and deployed new laptops using standard deployment tools such as **JAMF** and **Intune**, ensuring a smooth IT onboarding experience for new hires.
- Managed system access for users, granting and revoking permissions based on role requirements and security policies.
- Supported and maintained functionality in conference rooms and all-hands spaces, including **AV equipment** and **networking** configurations.
- Assisted with the management of hardware and software inventory, tracking assets and ensuring accurate record-keeping.
- Troubleshot **basic AV and networking** issues, including video conferencing, WiFi connectivity, and VPN access for remote users.

SKILLS

Operating Systems – Apple macOS, Windows, ChromeOS

IT Support Tools – Ticketing Systems (Asana, Zendesk), JAMF, Intune, ABM

Hardware Troubleshooting – Desktop and Laptop Hardware (Apple, Windows)

Networking & AV – Video Conferencing, WiFi, VPN, Conference Room AV

System Administration – System Access Management, Software Deployment

Inventory Management – Hardware and Software Inventory

PROJECTS

Enterprise Laptop Deployment and Configuration

- Developed and refined a standardized process for building and deploying new employee laptops using **JAMF** for macOS devices and **Intune** for Windows machines.
- Configured standard software packages, security settings, and user profiles to ensure new hires were productive from day one.
- Documented the deployment workflow, reducing the average setup time per device by **15%** and improving consistency across deployments.

IT Onboarding and Support Workflow Enhancement

- Designed and implemented a streamlined IT onboarding checklist integrated with a **ticketing system**, covering hardware setup, account provisioning, and initial user training.
- Provided direct technical assistance and troubleshooting for end-users experiencing issues with **Apple** and **Windows** hardware and common business applications.
- Collaborated with HR and hiring managers to ensure a seamless transition for new team members, addressing IT-related queries proactively.
