PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Diagnosed and resolved **AV, meeting room, and IT issues** for enterprise customers, completing structured fault finding and documenting findings.
- Provided remote guidance to users and conducted on-site service visits for hands-on troubleshooting of **displays, projectors, audio, cameras, room controls, and PCs**.
- Configured and tested standard **AV and IT equipment**, including replacement and setup, ensuring seamless integration.
- Escalated complex incidents with detailed technical notes and supporting evidence, ensuring clear communication between support tiers.
- Managed service records and customer documentation, maintaining accurate information on equipment and support activities.
- Supported **Windows, Microsoft 365, and basic IP networking** environments, addressing user queries and connectivity problems.
- Developed **Python scripts** to automate routine diagnostic tasks and reporting for IT support tickets, reducing manual effort by approximately **15%**.

SKILLS

AV/IT Support – Displays, Projectors, Audio, Cameras, Room Controls, PCs, Network Connectivity, Fault Finding, Documentation, Escalation

Operating Systems – Windows, Linux

Microsoft 365 – Microsoft Teams Rooms

Networking – IP Networking, DHCP, DNS, VLANs, Wi-Fi

Video Conferencing – Zoom Rooms

Programming & Scripting – Python, Shell Scripting

PROJECTS

Enterprise AV & Network Troubleshooting System

- Developed a **Python**-based diagnostic tool to automate the initial troubleshooting of common **AV and network connectivity** issues across customer sites.
- Integrated shell scripts to gather system logs and network configuration data from remote machines, streamlining data collection for complex issues.
- Designed a structured documentation template within the tool to ensure consistent and accurate recording of symptoms, tests, and resolutions for escalation.

IT Support Operations Dashboard Enhancement

- Automated the generation of weekly operational reports using **Python**, summarizing ticket volumes, resolution times, and common fault categories for management review.
- Assisted in the configuration and testing of new **Microsoft Teams Rooms** devices in a lab environment, validating hardware and software integration before deployment.
- Maintained and updated a knowledge base of common IT and AV issues, contributing to faster resolution times for the support team.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
