PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review user-generated content and account reports against **community standards** and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, and graphic content, ensuring accurate **policy enforcement**.
- Document enforcement decisions and flag emerging abuse trends to inform policy updates and risk mitigation strategies.
- Meet defined quality audit, calibration, accuracy, and productivity targets for content review and account actions.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs to support business logic and data validation processes.
- Wrote SQL queries for ad-hoc data analysis, validation, and schema modifications to support application requirements.
- Implemented feature enhancements and bug fixes within existing enterprise Java services, maintaining application integrity.
- Managed production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitored application health and performance using Splunk and CloudWatch, identifying and diagnosing production issues.
- Performed analysis of system logs and transaction flows to aid in incident response and root cause identification.
- Collaborated with operations teams to document incident resolution steps and update runbooks for critical systems.
