HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Assisted in defining and implementing **quality standards** and specifications, ensuring adherence to corporate and regulatory requirements for medical devices.
- Applied knowledge of **Six Sigma** and **statistical analysis** to investigate product exceptions and implement process improvements, reducing defect rates by **15%**.
- Collaborated with cross-functional team members, including R&D; and manufacturing, to support day-to-day operating requirements and resolve production issues.
- Participated in new product and technology transfer initiatives, gaining exposure to the development lifecycle of next-generation medical technologies.
- Supported **environmental management requirements** by documenting and adhering to site-specific procedures and protocols.
- Developed and maintained **validation documentation** and reports, ensuring compliance with relevant regulatory standards for medical device manufacturing.
- Contributed to **SLA management** and incident response for enterprise applications, analysing logs using **Splunk** and **Dynatrace** to resolve P1/P2 issues.

SKILLS

Quality Engineering – Six Sigma, Statistical Analysis, Lean Principles, Validation Techniques, Regulatory Requirements, Quality Standards, Product Transfer

Software Development – Java, Spring Boot, REST APIs, Python, SQL, PostgreSQL, MySQL, Oracle

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Data Analytics & BI – Power BI, Tableau, R/RStudio, pandas, NumPy, scikit-learn, DAX, Power Query

Enterprise Systems – ERP Integration, Change Management, Incident Response, Production Support, Jira, Confluence

PROJECTS

Medical Device Quality Improvement Initiative

- Analyzed production data using **Python** and **pandas** to identify key areas for quality enhancement, focusing on process control and defect reduction.
- Developed interactive dashboards in **Power BI** to visualize quality metrics and trends, enabling stakeholders to track progress against **Lean** objectives.
- Implemented automated data validation scripts in **Python** to ensure data integrity for regulatory reporting, catching approximately **20%** of potential data anomalies before submission.

Enterprise Application Performance Monitoring & Optimization

- Enhanced production monitoring for critical enterprise systems using **Splunk** and **Dynatrace**, improving alert accuracy and reducing false positives by **30%**.
- Authored detailed **runbooks** and troubleshooting guides for common P1/P2 incidents, enabling faster resolution times for the operations team.
- Scripted **Python** automation routines to collect diagnostic data during incidents, reducing manual data gathering time by an average of **45 minutes** per event.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
