PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed daily operations of field and commercial systems, ensuring data accuracy and reliability for **~150 field users** across Ireland.
- Applied rigorous validation checks to identify and resolve **data quality issues** in customer, outlet, and product master data, reducing errors by approximately **18%**.
- Produced and maintained **operational reports and dashboards** using Excel and Power BI, providing clear, action-focused insights for field execution and commercial decision-making.
- Provided Level 1 incident support, logging and triaging issues related to CRM and order systems with IT and resolver teams, resolving **over 90%** of Level 1 tickets within SLA.
- Built and optimized data pipelines and integrations between SAP, REX, and XTEL systems, ensuring timely and reliable data flow for analytical purposes.
- Supported simplification, standardisation, and automation of processes by identifying recurring issues and applying **data analytics** principles.
- Monitored adoption and effectiveness of reporting tools and field systems, collaborating with users to gather feedback and drive improvements.

SKILLS

BI & Reporting – Power BI, Excel, Pivot Tables, Power Query, DAX

Data Management – Master Data Management, Data Quality, Data Governance, Data Pipelines, Data Integration

Systems & Tools – CRM, XTEL, SAP, REX, Jira, Confluence

Analytics & Problem Solving – Data Analytics, Problem Solving, Process Improvement, Automation, Statistical Analysis

Cloud & Databases – AWS, PostgreSQL, MySQL, Oracle

Programming & Scripting – Python, Java, SQL

Methodologies – Agile, Scrum

PROJECTS

Field Operations Data Reporting Enhancement

- Developed and deployed a suite of **Power BI dashboards** to visualize key performance indicators for field sales operations, enabling faster commercial decision-making.
- Automated the generation of daily operational reports using **Python scripting**, reducing manual effort by approximately **6 hours per week** and improving data timeliness.
- Collaborated with business analysts to gather requirements for enhanced reporting capabilities, translating complex needs into actionable data visualisations.

Customer Master Data Quality Initiative

- Implemented automated data validation rules within **SQL** scripts to proactively identify inconsistencies in customer master data across multiple enterprise systems.
- Refactored existing data integration processes using **Python and Pandas**, improving the accuracy of customer records by **~22%** and reducing downstream error rates.
- Documented master data standards and provided training sessions to data stewards on best practices for data entry and maintenance.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
