PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document enforcement decisions and flag emerging abuse trends to inform policy adjustments.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, creating REST APIs for data exchange and system integration.
- Wrote Python scripts to automate data pipelines and generate scheduled reports for operational oversight.
- Managed SQL databases (PostgreSQL, MySQL, Oracle) for data validation and schema modifications, ensuring data integrity.
- Responded to P1/P2 incidents for enterprise applications, managing strict SLAs and production support.
- Monitored application health and performance using Splunk, CloudWatch, and Dynatrace for proactive issue detection.
- Executed runbooks and documented incident responses, facilitating efficient escalation and resolution processes.
- Collaborated with operations and business analysts on requirements, UAT, and post-implementation triage for system changes.

SKILLS

AML/CTF Expertise – AML documentation, transaction monitoring, PEP screening, Sanction screening, Adverse Media Screening, due diligence processes, KYC procedures.
