PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases, including harassment, hate speech, and scams, for **policy enforcement**.
- Document content decisions, identify emerging abuse trends, and maintain high **accuracy** and productivity targets.
- Handle **escalations** from front-line review, applying judgment to complex policy interpretation.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot REST APIs for enterprise applications, supporting rule-based data validation.
- Scripted Python for data pipelines and ETL, ensuring data integrity for reporting and analysis.
- Managed SQL databases (PostgreSQL, MySQL), performing ad-hoc queries for data investigation and validation.
- Responded to P1/P2 incidents for enterprise applications, managing SLA adherence and system monitoring.
- Analyzed logs using Splunk and CloudWatch to identify root causes and resolve production issues.
- Documented incident response procedures and communicated operational status to business stakeholders.
- Triaged and managed production issues, coordinating with cross-functional teams for timely resolution.

SKILLS

Maps Data Moderation – Data validation, business information verification, guideline review, data discrepancies.
