PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document enforcement decisions, identifying and flagging emerging abuse trends for policy refinement.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs to support data validation and rule-based processing for financial transactions.
- Implemented Python scripts for data pipelines and automation, aiding in the analysis of transaction flows and operational alerting.
- Managed SQL databases (PostgreSQL, MySQL) for data validation and schema updates, ensuring accuracy in financial reporting.
- Provided production support for enterprise applications, managing SLA adherence and responding to P1/P2 incidents for financial clients.
- Monitored application performance and transaction flows using Splunk and CloudWatch, identifying and diagnosing operational issues.
- Documented incident response procedures and collaborated with operations teams on requirements gathering and UAT support.
- Handled escalations and triaged issues within strict regulatory and GDPR-aware production environments.
