PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported Quality Engineering activities by processing **Change Orders** and assisting with **Nonconformance Events (NCEs)** and **Nonconforming Material Reports (NCMRs)**.
- Collected manufacturing and inspection data, performing detailed inspections to support investigations led by Quality Engineers, ensuring adherence to **GMP** and **ISO** standards.
- Maintained compliance with internal quality systems and external standards, including **GMP**, **GLP**, **ISO**, and **Six Sigma** requirements, for worldwide product distribution.
- Updated and maintained **quality assurance procedures**, protocols, and methods for processing materials into partially finished and finished products.
- Provided day-to-day quality support to Quality Engineering and Operations by addressing production quality issues and supporting the implementation of **corrective and preventative actions (CAPA)**.
- Performed routine line audits to verify system compliance and effectiveness, identifying opportunities for quality and process improvement initiatives.
- Managed production support for enterprise applications using **Splunk** and **Dynatrace**, responding to P1/P2 incidents and ensuring SLA adherence.

SKILLS

Quality Assurance – GMP, GLP, ISO, Six Sigma, CAPA, NCMR, NCE, Audits, Quality Documentation, Change Control

Manufacturing Support – Production Floor Support, Inspection Methods, Process Compliance, Material Processing

Tools & Technologies – Splunk, Dynatrace, Jira, Confluence, Jenkins, Git, Linux

Data Analysis & Scripting – Python, SQL, Data Validation, Reporting

Development – Java, Spring Boot, REST APIs, Docker

PROJECTS

Quality Documentation & Compliance System

- Developed and maintained a system for managing quality documentation, including procedures, protocols, and inspection records, ensuring alignment with **ISO** and **GMP** standards.
- Automated the generation of compliance reports using **Python**, reducing manual effort by approximately **30%** and improving data accuracy for quality audits.
- Collaborated with cross-functional teams to gather requirements and ensure the system met the needs of both manufacturing and quality assurance departments.

Production Monitoring & Alerting Dashboard

- Engineered a dashboard using **Splunk** to monitor key production metrics and alert relevant teams to potential quality deviations or process interruptions.
- Integrated data from multiple sources to provide a unified view of production status, enabling faster response times to critical quality events.
- Supported the implementation of corrective actions by providing detailed logs and analysis of nonconformance events identified through the monitoring system.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
