PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Performed **Level 1 and Level 2 technical support** for a user base of over 800 employees across Ireland, resolving an average of **15 tickets daily** related to hardware, software, and account issues.
- Administered and supported the **Microsoft 365 tenant**, including **Exchange Online**, **Microsoft Teams**, and **SharePoint Online**, addressing user queries on mailbox access, permissions, and collaboration features.
- Managed user lifecycles within **Microsoft Entra ID** (formerly Azure AD), processing joiner, mover, and leaver requests to ensure timely and accurate **identity and access management**.
- Troubleshot **Windows** and **Microsoft 365** application issues, analyzing logs and configurations to identify root causes and coordinating with internal specialists or external suppliers for complex escalations.
- Prepared, deployed, and troubleshot a fleet of **laptops, desktops, and peripherals** for new hires and replacements, ensuring all devices met standard build configurations and security requirements.
- Authored and maintained **knowledge base articles and user guides** for common IT issues and Microsoft 365 functionalities, contributing to a reduction in repeat incidents by approximately **18%**.
- Supported on-premises and **cloud services**, including basic administration of **AWS EC2 instances** and **Linux server** log analysis for incident investigation.

SKILLS

Operating Systems – Windows, Linux

Cloud Platforms – Microsoft Azure, AWS (EC2, S3, Lambda, CloudWatch)

Microsoft 365 Administration – Exchange Online, Microsoft Teams, SharePoint Online, OneDrive, Microsoft Entra ID, Azure AD, PowerShell

Endpoint Management – Laptop/Desktop Support, Printer Support, Mobile Device Support, Remote Support Tools

IT Support Tools – Ticketing Systems (Jira, ServiceNow concepts), Service Management Platforms, Confluence

Networking & Infrastructure – TCP/IP, DNS, DHCP, Connectivity Troubleshooting

Scripting & Automation – Python, Shell Scripting

PROJECTS

Enterprise ICT Infrastructure Rollout (HCL Technologies)

- Managed the deployment and configuration of **new employee hardware** across multiple departments, ensuring timely delivery and setup for over 50 new hires within a 3-month period.
- Developed **Python scripts** to automate the initial setup and configuration of standard software packages on new laptops, reducing manual deployment time per device by approximately **22%**.
- Documented the end-to-end deployment process, including hardware checks, software installation, and user onboarding instructions, creating a reusable **knowledge base** for the support team.

Microsoft 365 Tenant Health Monitoring and User Support (MSc Applied Project)

- Configured and monitored **Microsoft 365 service health dashboards** and alerts to proactively identify potential disruptions to services like **Exchange Online** and **Teams**.
- Provided direct support to a cohort of 30 simulated users experiencing common **M365 collaboration issues**, troubleshooting access, sharing, and synchronization problems.
- Generated reports on user adoption and common support queries using **Power BI**, visualizing trends to inform potential user training needs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
