HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and tested **routers**, **Ethernet switches**, and **firewalls** using approved templates and vendor procedures for secure operational networks.
- Assisted in the deployment and commissioning of **LAN**, **WAN**, and **Wi-Fi** solutions at industrial sites, focusing on reliable connectivity.
- Activated and verified **cellular connectivity**, including SIM allocation, APN profile configuration, and signal quality assessment for remote site access.
- Registered devices in **network-monitoring platforms** and performed first-line fault investigation using structured troubleshooting methods and **device logs**.
- Prepared and maintained technical records, including **configuration backups**, **IP address schedules**, and commissioning reports for project documentation.
- Supported firewall and **VPN configuration** in accordance with approved designs and security requirements, ensuring secure remote access.
- Analyzed network traffic using **ping**, **traceroute**, and **packet capture** tools to diagnose connectivity and performance issues, escalating complex problems to senior engineers.

SKILLS

Networking – Routers, Switches, Firewalls, LAN, WAN, Wi-Fi, TCP/IP, IPv4, Subnetting, VLANs, Routing, DHCP, DNS, NAT, Access Control Lists (ACLs)

Cellular Communications – Cellular Routers, SIM Allocation, APN Profiles, Signal Quality

Security – VPNs, Secure Remote Access, Firewall Configuration

Monitoring & Troubleshooting – Network Monitoring Platforms, Device Logs, Ping, Traceroute, Packet Capture

Operating Systems – Windows, Linux, Command-Line Tools

Scripting – Python, Shell Scripting

Protocols – Ethernet

PROJECTS

Industrial Network Deployment for Utility Sector

- Configured and tested a range of networking hardware including **Cisco** routers and **Fortinet** firewalls for a utility client's SCADA network.
- Supported the commissioning of site-specific networks, verifying **IP addressing**, **VLANs**, and ensuring stable **cellular connectivity** for remote data acquisition.
- Documented the end-to-end network configuration, including **IP schedules** and basic **network diagrams**, as part of the project handover process.

Secure Remote Access Solution for Industrial Sites

- Designed and implemented secure **VPN** configurations on edge devices to enable remote access for monitoring and maintenance teams.
- Assisted in troubleshooting connectivity issues using **packet capture** and log analysis, reducing initial fault resolution time by approximately **15%**.
- Prepared technical documentation detailing the **firewall rules** and access policies for the remote access solution.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
