PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the accurate retrieval and entry of operational site data into monthly reports, ensuring completion within strict deadlines.
- Inputted and maintained site-specific information and data into company systems with a focus on accuracy and completeness.
- Compiled information received from various operational sites, directly contributing to the preparation of monthly reports.
- Conducted data validation checks across multiple inputs, ensuring high standards of accuracy and completeness for all records.
- Communicated effectively via email and telephone with site staff and contractors to gather necessary operational details.
- Organised and prioritised daily tasks to meet stringent deadlines and maintain high-quality output for the Operations team.
- Maintained detailed and organised records and documentation, supporting efficient data management processes.

SKILLS

Data Entry – Typing, Data Input, Record Keeping, Accuracy, Attention to Detail.

Reporting – Monthly Reports, Data Compilation, Information Retrieval.

Communication – Verbal Communication, Written Communication, Email, Telephone.

PC Skills – Microsoft Excel, Microsoft Word.

Time Management – Planning, Prioritisation, Meeting Deadlines, Organisation.

PROJECTS

Operational Data Compilation System (HCL Technologies)

- Developed a Python script to automate the aggregation of data from disparate operational logs into a unified format for monthly reporting.
- Implemented data validation rules within the script to flag discrepancies and ensure input accuracy before compilation.
- Designed a user-friendly interface for operations staff to upload site-specific data files, reducing manual entry errors by approximately 15%.

Site Information Management Portal (HCL Technologies)

- Built a simple web application using Flask and basic HTML/CSS to serve as a central repository for site operational data.
- Integrated a PostgreSQL database to store and manage site information, enabling efficient querying and retrieval for reporting purposes.
- Provided documentation and conducted a brief training session for the operations team on using the portal for data entry and access.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
