PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported global ERP implementations and continuous improvement initiatives for enterprise systems, primarily using **Microsoft Dynamics 365 Business Central**.
- Executed functional configuration changes within **Microsoft Dynamics 365 Business Central** under management direction, ensuring all updates were reviewed and signed off.
- Developed comprehensive **UAT test scripts**, coordinated user testing cycles, meticulously recorded defects, and tracked issues through to successful resolution.
- Performed data migration tasks including preparation, cleansing, validation, and loading using **Excel** and **Business Central Configuration Packages**.
- Provided first-line support for ERP users, resolving issues directly and escalating complex matters to the ERP Implementation Manager.
- Authored and maintained **ERP SOPs**, user guides, and process documentation, contributing to effective user training delivery.
- Analyzed and supported continuous improvement opportunities across multiple sites utilizing the **ERP platform** post-go-live.

SKILLS

ERP Systems – Microsoft Dynamics 365 Business Central, ERP data migration, User Acceptance Testing (UAT), Configuration Packages

Business Processes – Order-to-Cash, Procure-to-Pay, Inventory Management, Warehouse Management, Manufacturing

Core Technologies – Microsoft Excel, SQL, REST APIs, Java Spring Boot, Python

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Development Practices – Agile/Scrum, CI/CD (Jenkins), Git, Code Reviews

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling

Support & Operations – Splunk, Dynatrace, Incident Response, SLA Management

PROJECTS

ERP System Configuration & UAT Support

- Configured core modules within an **ERP system** (Microsoft Dynamics 365 Business Central) to align with business requirements, focusing on finance and inventory modules.
- Developed and executed **UAT test scripts** for a new module rollout, identifying and documenting 15 critical defects that were subsequently resolved by the implementation partner.
- Assisted in preparing and validating data sets for migration from legacy systems using **Microsoft Excel**, ensuring data integrity for approximately 5,000 inventory records.

Enterprise Systems Integration & Automation

- Developed **Python scripts** to automate data extraction and transformation for reporting purposes from PostgreSQL and Oracle databases, reducing manual effort by 20%.
- Built and maintained **REST APIs** using Java Spring Boot to facilitate data flow between an enterprise ERP system and a downstream operational dashboard.
- Containerized a Java Spring Boot microservice using **Docker** for consistent deployment across development and staging environments.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
