PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered **Okta** identity platform, managing user provisioning, deprovisioning, and access control policies for over 500 employees.
- Supported and troubleshot **Microsoft Intune** deployments for a fleet of 300+ Windows and macOS endpoints, ensuring compliance with security standards.
- Provided Tier 2 helpdesk support, resolving an average of 15-20 tickets daily related to software, hardware, and network issues using **Jira Service Management**.
- Managed user lifecycle processes (joiners, movers, leavers) across **Microsoft 365** and **Google Workspace**, ensuring timely access and revocation.
- Assisted with software deployments and OS updates across the enterprise environment, performing testing and validation before rollout.
- Troubleshot and resolved issues related to Wi-Fi connectivity, VPN access, and basic firewall configurations for remote and in-office users.
- Maintained and updated technical documentation, including comprehensive runbooks and knowledge-base articles for IT systems and support procedures.

SKILLS

Identity & Access Management (IAM) – Okta, OneLogin, Access Controls

Endpoint Management – Microsoft Intune, Jamf, MDM

Ticketing & Support Platforms – Jira Service Management, ServiceNow

Productivity Suites – Microsoft 365, Google Workspace, Slack

Networking & Security – Wi-Fi Troubleshooting, VPN, Firewalls

Operating Systems – Windows, macOS, Linux

Documentation – Runbooks, Knowledge Base Articles

PROJECTS

Enterprise Identity Platform Enhancement

- Implemented enhancements to the **Okta** identity platform, focusing on streamlining user onboarding and offboarding workflows for a 700-employee organization.
- Developed automated scripts to audit user access permissions across critical applications, identifying and rectifying over 50 policy deviations.
- Collaborated with cross-functional teams to integrate new applications into the single sign-on framework, improving user experience and security posture.

IT Support Knowledge Base Overhaul

- Revitalized the internal IT support knowledge base by restructuring content and creating new articles for common hardware and software issues, increasing self-service resolution by an estimated 15%.
- Authored detailed runbooks for common system administration tasks, including software patching and user account management, reducing escalation time for junior support staff.
- Utilized **Jira** to track progress on documentation updates and gather feedback from the support team to ensure relevance and accuracy.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
