PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided remote IT support to end-users via phone, email, and chat, resolving an average of **15 tickets daily** within defined SLAs.
- Troubleshot and resolved **hardware and software issues** across Windows 10/11 environments, including common application errors and peripheral malfunctions.
- Managed and authorized **key hardware and software requests**, ensuring compliance with company policies and efficient allocation of resources.
- Identified and escalated **major incidents** to key stakeholders and senior support teams, providing clear and concise initial diagnostic information.
- Maintained and updated **standard builds for company systems**, ensuring consistency and security across deployed endpoints.
- Created and updated **technical and resolution documentation** for common issues, contributing to a knowledge base used by the wider support team.
- Participated in **on-call rotation**, responding to critical system alerts and providing out-of-hours support to ensure service continuity.

SKILLS

Operating Systems – Windows 10, Windows 11, Linux

IT Support Tools – Jira, Confluence, Splunk, Dynatrace, CloudWatch

IT Service Management – ITIL, Incident Management, SLA Management, Change Management

Scripting & Automation – Python, Shell Scripting

Programming Languages – Java, Spring Boot, SQL

Cloud Platforms – AWS (EC2, S3, Lambda)

PROJECTS

Enterprise Application Support Dashboard

- Developed and maintained a **Python-based dashboard** that aggregated alerts from **Splunk** and **Dynatrace** for **Java/.NET applications**, enabling faster incident identification.
- Implemented automated data collection scripts using **Python** to pull key performance indicators for scheduled reporting, reducing manual effort by approximately **20%**.
- Collaborated with operations teams to gather requirements for **transaction monitoring** features, enhancing the visibility of payment processing workflows.

IT Support Knowledge Base Enhancement

- Authored and updated over **50 technical articles** and resolution guides for common **Windows 10/11** hardware and software issues, contributing to a **15%** reduction in repeat ticket volume.
- Structured and organized documentation within **Confluence**, improving searchability and access for the IT support team and end-users.
- Assisted in the creation of **standard build documentation** for new employee onboarding, ensuring a consistent and efficient setup process.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
