PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided remote IT support to end users via phone, email, and chat, resolving an average of **15 tickets daily** within defined SLAs.
- Troubleshot and resolved hardware and software issues across **Windows 10/11** environments, including peripheral connectivity and application errors.
- Managed and authorised hardware and software requests, ensuring compliance with company policies and security standards.
- Identified and escalated major incidents to key stakeholders, contributing to the creation of detailed **incident reports** and root cause analyses.
- Maintained standard builds for company systems, ensuring consistency and efficient deployment of new hardware and software.
- Created and updated technical and resolution documentation for the knowledge base, improving first-contact resolution rates by approximately **18%**.
- Supported cross-functional teams in the adoption of new IT systems, facilitating user acceptance testing and post-implementation triage.

SKILLS

Operating Systems – Windows 10, Windows 11, Linux

IT Support Tools – Jira, Confluence, Splunk, Dynatrace, CloudWatch

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Programming & Scripting – Python, Java, SQL

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn

Methodologies – Agile, Scrum, ITIL

Databases – PostgreSQL, MySQL, Oracle

PROJECTS

Enterprise Application Support Dashboard

- Developed and maintained a Python-based dashboard for monitoring critical enterprise applications, aggregating alerts from **Splunk** and **CloudWatch**.
- Implemented automated data extraction and reporting scripts using **Python** and **SQL** to provide weekly operational summaries to business analysts.
- Collaborated with operations teams to define key performance indicators and alerts for production systems, improving visibility into application health.

IT Service Management Knowledge Base Enhancement

- Designed and implemented a structured knowledge base using **Confluence** to centralize IT support documentation and troubleshooting guides.
- Authored detailed technical articles and resolution steps for common hardware and software issues, reducing average ticket resolution time by **22%**.
- Facilitated training sessions for junior support staff on effective use of the knowledge base and **Jira** ticketing system.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
