HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Coordinated ecological survey procurement and execution for barrier mitigation projects, ensuring adherence to the **Habitats Directive** and **Wildlife Act**.
- Compiled and presented ecological findings on technical proposals to senior management and consenting authorities, informing design and mitigation strategies for river restoration.
- Undertook ad-hoc **Appropriate Assessment** screenings for development projects, evaluating potential impacts on protected habitats and species.
- Developed and reviewed tendering documents for ecological surveys, including those for **mammals**, **invasive species**, and **aquatic invertebrates**.
- Assisted in fish stock, habitat, and water quality surveys to support barrier mitigation efforts, contributing to a comprehensive understanding of riverine ecosystems.
- Managed the collation of essential project details for submission to stakeholders and partners, including NPWS, consultants, and regulatory bodies.
- Contributed to the development of standard operating procedures and risk assessments for habitat restoration processes.

SKILLS

Ecology & Environment – Ecological Expertise, Barrier Mitigation, Fish Migration, River Hydromorphology, Habitat Restoration, Biodiversity, Ecosystem Science, Invasive Species Management, Wildlife Act, Habitats Directive, Appropriate Assessment, Water Quality Assessment, Fish Stock Survey, Mammal Survey, Bird Survey, Aquatic Invertebrate Survey

Project Management & Compliance – Ecological Survey Procurement, Tender Document Preparation, Regulatory Compliance, Statutory Consents, Environmental Monitoring, Risk Assessment, Standard Operating Procedures (SOPs), Stakeholder Coordination, Project Planning, Environmental Specialist Support

Data & Reporting – Ecological Data Collation, Geographical Data Compilation, Survey Data Analysis, Technical Proposal Presentation, Report Preparation, Data Sourcing

Domain Knowledge – European Eel, Atlantic Salmon, River Catchments, Marine Environment, Civil Engineering (Water-Based)

General Skills – Team Collaboration, Professionalism, Integrity, Accountability

PROJECTS

Ecological Survey Design for River Connectivity

- Designed comprehensive survey plans for ecological assessments on river systems, focusing on identifying barriers to fish passage and assessing habitat degradation.
- Coordinated the procurement process for specialized ecological surveys, including **electrofishing**, **mammal surveys**, and **habitat mapping**, ensuring compliance with regulatory standards.
- Compiled survey data and prepared detailed reports for the National Barrier Mitigation Programme, informing strategic decisions on habitat restoration and connectivity improvements.

Appropriate Assessment Screening for Infrastructure Projects

- Developed and executed screening methodologies for **Appropriate Assessments** under the **Habitats Directive** for various infrastructure development projects.
- Evaluated potential impacts of proposed works on protected species and habitats, including **Atlantic salmon** and **European eel** populations, and recommended mitigation measures.
- Produced documentation detailing findings and assessments for submission to environmental specialists and consenting authorities.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
