PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided Level 1 and Level 2 technical support across **Windows** and **macOS** environments, resolving an average of 15-20 tickets daily.
- Managed user account administration for **Google Workspace** and various **SaaS applications**, processing over 50 new account setups per month.
- Configured and deployed **laptops** and peripherals for new hires, ensuring all necessary software and access were provisioned prior to their start date.
- Diagnosed and resolved connectivity issues including **VPN**, **Wi-Fi**, and basic network problems for remote and in-office employees.
- Documented incidents, resolutions, and troubleshooting steps within the **IT ticketing system**, contributing to a knowledge base that reduced average resolution time by **18%**.
- Supported conference room AV equipment and workplace technology within the Cork office, ensuring seamless operation for meetings and presentations.
- Assisted with endpoint management tasks, including software deployment and device security controls across the managed fleet.

SKILLS

Operating Systems – Windows, macOS

Productivity Suites – Google Workspace, Microsoft 365

IT Support Tools – Ticketing Systems, ServiceNow, Jira Service Desk

Networking – TCP/IP, DNS, DHCP, Wi-Fi, VPN

Hardware & Peripherals – Laptops, Desktops, Printers, AV Equipment

Identity & Access Management – User Accounts, Groups, Permissions, Active Directory, Microsoft Entra ID

Cloud & SaaS – AWS, SaaS Applications

PROJECTS

HCL IT Support Automation & Documentation Enhancement

- Developed Python scripts to automate routine IT support tasks, including user account deactivation and software license reclamation, reducing manual effort by **30%**.
- Enhanced the internal knowledge base by documenting resolutions for common hardware and software issues, leading to a **15%** increase in self-service ticket deflection.
- Collaborated with the IT operations team to refine incident response procedures and improve communication during P1/P2 escalations.

MSc Applied Data Analytics: IT Asset Inventory Dashboard

- Built an interactive **Power BI** dashboard to track and visualize IT hardware and software assets across departments, improving inventory accuracy.
- Designed data models and DAX measures to analyze asset lifecycle, identify underutilized software, and forecast hardware refresh needs.
- Extracted and transformed data from disparate sources using **Power Query**, ensuring data integrity for reporting and analysis.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS
