PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided remote and onsite IT support, responding to **Helpdesk tickets**, phone calls, and emails to resolve issues within agreed **SLAs**.
- Installed, configured, and deployed end-user equipment including **desktops, laptops, monitors, and printers** across multiple client locations.
- Assisted senior engineers with IT projects, including **office relocations and new user deployments**, ensuring seamless transitions.
- Monitored automated alerts for IT systems and proactively addressed potential issues before they impacted end-users, maintaining operational continuity.
- Documented support activities, troubleshooting steps, and resolutions accurately in a **ticketing system**, contributing to a shared knowledge base.
- Supported users with **Microsoft 365, Windows 10/11**, and various business applications, ensuring productivity and system stability.
- Configured and supported peripheral devices such as **multi-function printers**, ensuring all hardware integrated correctly with client networks.

SKILLS

Operating Systems – Windows 10/11, Linux

Cloud & Collaboration – Microsoft 365, Microsoft Azure

Hardware & Devices – Desktops, Laptops, Monitors, Printers, Mobile Devices, Peripheral Devices

Support Tools – Helpdesk Ticketing Systems, Jira, Confluence, Splunk, Dynatrace

Networking – Networking Fundamentals

Programming & Scripting – Python, Java, SQL

PROJECTS

Enterprise Systems Support & Deployment

- Provided **production support** for enterprise applications, focusing on incident response and SLA management for critical systems.
- Automated routine tasks and data processing using **Python scripting**, reducing manual effort for reporting and data validation by approximately **20%**.
- Managed change control processes for system configurations and coordinated User Acceptance Testing (UAT) for updates across interconnected business systems.

Client IT Environment Refresh

- Executed a comprehensive IT environment refresh for a **client site**, involving the deployment of over **50 new workstations** and associated peripherals.
- Configured and deployed **Microsoft 365 services**, including email migration and user onboarding, for a team of 25 users, ensuring a smooth transition.
- Provided direct, onsite technical support to end-users during the refresh, resolving hardware and software issues promptly to minimize disruption.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
