PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed and configured **Ticketmaster proprietary software** and hardware, including **ticket printers** and **handheld devices**, across 15 new venue locations.
- Managed the deployment and setup of **network devices** such as **Wireless Access Points** and **switches**, ensuring seamless connectivity for event operations.
- Diagnosed and resolved hardware and software issues for end-users, both remotely and on-site, maintaining a steady resolution rate of **~92%** for critical incidents.
- Performed **hardware and software upgrades** and replacements for Point of Sale systems and associated peripherals, completing over **50 upgrade tasks** in the last quarter.
- Maintained incident management records and updated asset management software, tracking over **200 devices** and their deployment status.
- Provided **on-site end-user training** and demonstrations for Ticketmaster products, enhancing user adoption and operational efficiency for event staff.
- Collaborated with third-party providers and contractors to coordinate and execute complex installations, often taking a **lead role** in ensuring project timelines were met.

SKILLS

Hardware Support – Ticket printers, Handheld Devices, Point of Sale, Switches, Wireless Access Points

Software Support – Ticketmaster proprietary software, Firmware, Microsoft applications, Mobile device applications

Operating Systems – Windows, Linux

Networking – Wired and Wireless Networking Technologies

IT Service Management – Incident Management, Asset Management, Ticketing Software

Customer Interaction – End User Training, Demonstrations, Client Liaison

PROJECTS

Enterprise Event Hardware Deployment (HCL Technologies)

- Deployed and configured over **100 units** of specialized hardware, including handheld scanners and POS terminals, for a major financial services client's event operations.
- Managed the installation of supporting network infrastructure, including **switches** and **wireless access points**, ensuring reliable connectivity across event sites.
- Documented deployment procedures and provided initial end-user training to on-site support staff, enabling efficient troubleshooting and issue resolution.

Client Software Rollout and Support (HCL Technologies)

- Executed the rollout of a new **proprietary software application** for a banking client, coordinating installation across **50+ workstations**.
- Provided post-installation support, diagnosing and resolving software conflicts and configuration issues to ensure operational readiness.
- Updated technical documentation based on common issues encountered during the rollout, improving the support team's knowledge base.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
