PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided technical support for enterprise customers via phone and email, resolving complex issues with **Logitech desktop products** and software.
- Managed escalated support tickets from Tier 1, diagnosing and resolving advanced hardware, connectivity, and software problems for **Windows and Mac OS** environments.
- Assisted Tier 1 support engineers by providing guidance and best practices to enable ticket resolution without escalation, improving team efficiency.
- Troubleshot and resolved issues related to **USB devices, wireless, and Bluetooth technology** across a range of enterprise hardware.
- Communicated emerging technical trends and customer feedback to product and engineering teams, contributing to service improvements and issue prevention.
- Gathered requirements and provided ad-hoc support for low-complexity **Video Collaboration** tickets during periods of reduced technical support volume.
- Contributed to internal knowledge base articles and documentation for new product releases and common technical challenges, aiding user self-service and support team reference.

SKILLS

Operating Systems – Windows, Mac OS

Connectivity – USB, Wireless, Bluetooth

Support Tools – Salesforce, Oracle, Zendesk, Confluence, Asana

Hardware – Mice, Keyboards, Webcams, Headsets, Video Collaboration Products

Customer Service – Technical Support, Escalation Management, Customer Care Processes

Languages – English (Fluent), German (Fluent)

PROJECTS

Enterprise Desktop Product Support Framework

- Developed a comprehensive troubleshooting guide for common issues with **Logitech enterprise desktop products**, covering hardware, drivers, and software configurations.
- Documented best practices for diagnosing and resolving problems across **Windows and Mac OS** environments, focusing on USB, wireless, and Bluetooth peripherals.
- Created a set of standardized response templates for common customer inquiries, reducing average response time by **18%** for Tier 1 escalations.

Customer Feedback Analysis for Product Improvement

- Analyzed support ticket trends and customer feedback from **enterprise clients** to identify recurring issues with peripheral devices and connectivity.
- Authored detailed reports on observed technical trends and potential product defects, presenting findings to the product management team to inform future development cycles.
- Collaborated with QA teams to outline test cases for newly identified issues, contributing to the early detection and resolution of bugs in upcoming software releases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
