PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided expert omnichannel technical support via **Zendesk** for enterprise beverage systems, managing customer inquiries through phone and email with a focus on rapid resolution.
- Traveled to customer sites for **on-site consulting** and technical commissioning, ensuring seamless integration and optimal performance of beverage dispense equipment.
- Managed the **RMA process** for returned units, meticulously evaluating equipment to identify root causes of failure and contributing data for trend analysis.
- Developed and delivered **field training sessions** to clients and partners on Marco equipment operation and maintenance, enhancing their expertise and operational efficiency.
- Collaborated with the Senior Tech team and R&D; to relay customer feedback and field data, influencing future product iterations and improvements.
- Created and updated comprehensive **troubleshooting guides**, FAQs, and training materials to support new product releases and existing equipment lines.
- Ensured meticulous logging of all support tickets, repairs, and site visit reports within **Zendesk** and **Epicor** for accurate service tracking and data analysis.

SKILLS

Support Tools – Zendesk, Epicor

Customer Engagement – On-site Support, Training Delivery, Relationship Building, Technical Consulting

Product Management – New Product Launch Support, Technical Documentation, FAQ Creation, Feedback Loop

Troubleshooting – Fault-Finding, Root Cause Analysis, Remote Diagnostics

General – Communication, Project Management, Problem Solving

PROJECTS

Technical Support & Training for Enterprise Beverage Systems

- Developed a comprehensive technical support framework for a portfolio of commercial beverage dispense systems, integrating **Zendesk** for ticket management and customer communication.
- Designed and delivered on-site training modules for key enterprise clients, covering equipment operation, routine maintenance, and common troubleshooting procedures, resulting in a **15% reduction** in basic support inquiries post-training.
- Authored detailed technical documentation, including user manuals and troubleshooting flowcharts, accessible via an internal knowledge base to expedite issue resolution for field technicians and customer support staff.

Product Feedback Integration & Documentation Enhancement

- Established a systematic process for collecting and relaying customer feedback from field service and support interactions to the R&D; and Quality Assurance teams, identifying **3 critical areas** for product improvement in the next revision.
- Created a suite of updated FAQs and standardized repair guides for newly launched equipment, reducing the average ticket resolution time for these products by **20%** within the first quarter.
- Collaborated with cross-functional teams to ensure technical documentation accurately reflected product specifications and support protocols for market release.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
