PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and implemented reusable front-end components using **React** and modern JavaScript, contributing to a new design system.
- Collaborated with Product Managers and UX Designers to translate wireframes and user flows into high-fidelity UI designs for SaaS applications.
- Championed **accessibility standards (WCAG)** and responsive design best practices across the development team, ensuring inclusive user experiences.
- Partnered with engineering teams to ensure accurate and consistent implementation of visual designs, maintaining brand identity across platform features.
- Participated in iterative sprints, contributing to technical estimations and participating in Agile ceremonies like daily stand-ups and retrospectives.
- Worked with **AI-assisted design tools** to accelerate iteration cycles and improve productivity in the design and development workflow.
- Containerized front-end applications using **Docker** and managed deployments through **Jenkins** CI/CD pipelines, improving release stability.

SKILLS

Frontend Frameworks – React, JavaScript, TypeScript

Design Tools – Figma, Adobe XD, Sketch

Methodologies – Agile, Scrum, User-Centred Design, Responsive Design, Inclusive Design, Accessibility (WCAG)

Development Tools – Docker, Jenkins, Git, Azure DevOps

UI Components – Component Libraries, Design Systems

AI Tools – Copilot, Claude Design, Figma AI

PROJECTS

Enterprise SaaS UI Component Library

- Developed a reusable component library in **React** and **TypeScript** to standardize UI elements across multiple SaaS products.
- Integrated the component library with a new **design system**, defining styles, tokens, and usage guidelines for consistent branding.
- Collaborated with UX designers to ensure components met accessibility standards (**WCAG**) and provided a seamless user experience.

Customer Portal Redesign (HCL Technologies)

- Refactored an existing customer portal's front-end using **React**, improving load times by 30% and enhancing user navigation.
- Implemented new feature modules based on stakeholder feedback, including a **dashboard** for operational metrics and user activity.
- Worked within an Agile framework, participating in sprint planning and delivering iterative updates for the financial-services client.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
