PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed, configured, and repaired **Zebra label printers** and **RFID handheld scanners** across a high-volume logistics environment, ensuring minimal disruption to operations.
- Executed rapid break-fix repairs on **desktop PCs**, including hardware component replacement and operating system troubleshooting for warehouse personnel.
- Managed the daily incident ticketing queue, prioritizing and resolving critical **hardware and software issues** to prevent operational downtime.
- Performed routine **account unlocks** and basic troubleshooting workflows using internal platforms to support end-users.
- Collaborated with **System Administrators** on facility upgrades and assisted with server equipment changes, adhering to change-control processes.
- Maintained accurate inventory of computer hardware, parts, and repair records, preparing legacy equipment for **e-waste recycling**.
- Provided on-the-floor technical assistance across an expansive warehouse, maintaining operational efficiency of **specialized logistics equipment**.

SKILLS

Hardware Support – Zebra Label Printers, RFID Handheld Scanners, Desktop PCs, Peripherals

Software Support – Operating Systems, Application Installation, Troubleshooting, Break-fix

IT Operations – Ticketing Systems, Incident Management, Asset Management, E-waste Recycling

System Administration Support – Account Unlocks, Basic Troubleshooting Workflows, Facility Upgrades

Logistics Equipment – Warehouse Operations, On-Floor Support, Connectivity

PROJECTS

Warehouse Operations Hardware Support Initiative

- Provided direct, on-the-ground technical support for **Zebra label printers** and **RFID handheld scanners** within a busy distribution center, addressing issues that impacted daily logistics workflows.
- Executed rapid diagnostic and repair procedures for **desktop PCs** and associated peripherals, ensuring users could quickly resume critical tasks.
- Maintained detailed logs of all hardware maintenance and repair activities, contributing to an accurate asset inventory and facilitating proper **e-waste** disposal procedures.

Logistics Systems Incident Triage and Resolution

- Managed and prioritized a daily queue of **technical support tickets**, focusing on hardware and software incidents impacting warehouse operations.
- Collaborated with cross-functional teams, including **System Administrators** and Telecomm, to resolve escalated issues and support facility-wide system changes.
- Performed immediate troubleshooting and configuration adjustments on **specialized warehouse equipment** to minimize operational downtime and maintain service levels.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
