PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided 1st and 2nd level technical and systems support for end users within an enterprise environment, resolving approximately 50-60 tickets per week via a **ticketing system**.
- Managed and logged support tickets, consistently meeting or exceeding **SLA targets** for response and resolution times on P1 and P2 incidents.
- Configured and deployed new user workstations and laptops, including **PC and laptop setup**, software installation, and network connectivity.
- Diagnosed and resolved hardware issues for end-user devices, including PCs, laptops, and **printers**, minimizing disruption to daily operations.
- Supported various **business applications**, including document management systems and email platforms, assisting users with access and functionality queries.
- Assisted with user support during office moves and offsite requirements, ensuring seamless transitions and continued access to IT resources.
- Monitored the IT environment using **real-time reporting and dashboard tools**, identifying potential issues and proactively addressing them.

SKILLS

IT Support – Helpdesk, Ticketing Systems, SLA Management, Incident Response, User Support, Troubleshooting, Hardware Diagnostics, Software Installation, Desktop Support, Office Moves

Operating Systems – Linux, Windows

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Scripting & Automation – Python, Shell Scripting

Databases – SQL (PostgreSQL, MySQL, Oracle)

Development Tools – Java, Spring Boot, REST APIs, Docker, Git, Jenkins, Jira, Confluence

PROJECTS

Enterprise Application Support & Automation (HCL Technologies)

- Provided production support for enterprise Java and .NET applications, managing incident response and **SLA adherence** using Splunk and Dynatrace for monitoring.
- Developed Python scripts to automate routine data extraction and reporting tasks, reducing manual effort by an estimated **15 hours per month**.
- Executed SQL queries for data validation and schema updates across PostgreSQL and Oracle databases to support application changes and defect resolution.

Internal IT Operations Dashboard (HCL Technologies)

- Contributed to the development and maintenance of a **payments operations dashboard** for financial services clients, focusing on transaction monitoring and alerting for failed messages.
- Assisted in troubleshooting operational issues within production environments that required strict **audit trails** and adherence to data privacy standards.
- Collaborated with business analysts and operations teams to gather requirements for dashboard enhancements and support user acceptance testing.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
