PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and provisioned **Android devices** for enterprise customers, ensuring seamless integration with their mobile computing solutions.
- Executed security and operating system updates across customer **Android device fleets**, adhering to established deployment schedules to minimize operational disruption.
- Participated in testing cycles for **Android OS updates**, validating functionality and identifying potential issues before wider rollout to production environments.
- Troubleshot and resolved **Android device** and connectivity issues for end-users, documenting resolutions for knowledge base enhancement.
- Monitored device performance and stability post-update, proactively addressing any emergent problems to maintain service continuity.
- Developed and maintained accurate **technical documentation** for device configuration, update procedures, and common troubleshooting steps.
- Assisted in reviewing **security vulnerabilities** and CVEs, assessing their impact on deployed Android enterprise devices.

SKILLS

Mobile Device Management – Android Enterprise, MDM platforms, EMM platforms, SOTI MobiControl, MobileIron, Intune, Device Management, Endpoint Management

Operating System & Security – Android OS, Cybersecurity, Vulnerability Management, CVEs, Security Patching, OS Updates

Support & Troubleshooting – IT Support, Service Desk, Desktop Support, Mobile Support, Troubleshooting, Problem-Solving, Technical Documentation

Networking – Networking Fundamentals, Connectivity Troubleshooting

Tools & Technologies – Android Debug Bridge (ADB), Zebra devices, Honeywell devices

PROJECTS

Android Enterprise Device Deployment and Management

- Configured and deployed a fleet of **50+ enterprise Android devices** (Zebra TC52) for a logistics client, integrating with their backend inventory system.
- Developed a standardized provisioning workflow for new devices using **Android Enterprise**, reducing setup time by approximately 30% per device.
- Provided post-deployment support, resolving user issues related to device connectivity and application access, and maintaining update schedules.

Mobile Device Security Patching and Monitoring

- Assisted in the rollout of critical **security patches** to a user base of 100+ Android devices, coordinating with operations teams to minimize downtime.
- Monitored device health and security posture post-patching using basic diagnostic tools, identifying and escalating any anomalies.
- Contributed to the creation of runbooks for common update-related issues, improving the efficiency of the support team's response time.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
