PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards and policies**.
- Investigate escalated abuse cases, including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging **abuse trends** through content review and analysis of user-reported issues.
- Meet rigorous quality audit, calibration, accuracy, and productivity targets for content moderation and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, creating REST APIs for data integration and rule-based validation.
- Implemented Python scripts for data pipelines and automation, supporting data analysis and reporting needs.
- Managed SQL databases (PostgreSQL, MySQL), performing data validation and ad-hoc queries for system investigations.
- Responded to P1/P2 incidents for enterprise applications, managing SLAs and coordinating issue resolution.
- Monitored production systems using Splunk and CloudWatch, identifying anomalies and potential risks.
- Handled user-reported issues and system alerts, performing initial triage and escalating complex cases.
- Documented incident response procedures and supported cross-functional teams during post-implementation reviews.
