PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Performed daily operational tasks including quality inspection of user-generated content and optimization of guidelines, handling approximately **150 evaluations** per day.
- Conducted daily audits on the internal content moderation system, providing detailed error analysis and feedback to **R&D;** and **Product Management** teams.
- Monitored the quality scores of content evaluators, performing root cause analysis to identify performance discrepancies for the management team.
- Prepared and validated daily output reports and quality scores, analyzing project data to inform stakeholders and partners.
- Localized community guidelines for the Swahili market, designing training schedules and coordinating with stakeholders for successful project go-lives within targeted timeframes.
- Delivered comprehensive process, product, and guideline training to new joiners, ensuring a consistent understanding of operational standards.
- Collaborated with stakeholders to refine product knowledge tests, analyzing results and implementing improvements for the team's overall competency.

SKILLS

Content Moderation – Quality Inspection, Guideline Optimization, Escalation Handling, Audits, Root Cause Analysis, Training Delivery

Analytics & Reporting – Data Analysis, Quality Score Monitoring, Output Reporting, Data Validation, Stakeholder Reporting

Languages – Swahili (Fluent), English (Fluent)

Tools & Platforms – Internal Content Systems, Project Management Tools, Communication Platforms

Domain Knowledge – Community Guidelines, User-Generated Content, Sensitive Content Handling (Child Exploitation, Violence, Adult Content)

Operations – Queue Management, Process Optimization, New Joiner Training, Product Knowledge Testing

PROJECTS

Content Quality Assurance Framework Implementation

- Designed and implemented a quality assurance framework for evaluating user-generated content, focusing on accuracy and adherence to community guidelines.
- Developed standardized audit procedures and feedback mechanisms to systematically identify and report content moderation errors, improving overall data quality by **18%**.
- Created and delivered training modules for new content evaluators, ensuring rapid onboarding and consistent application of moderation policies.

Swahili Market Guideline Localization and Rollout

- Localized complex community guidelines into Swahili, ensuring cultural relevance and clarity for users in target markets.
- Coordinated with regional stakeholders to plan and execute the successful go-live of localized guidelines within a **3-month** timeframe.
- Established a feedback loop for ongoing guideline refinement based on market-specific content trends and user interactions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
