PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed and triaged over 500+ incidents and service requests weekly in **ServiceNow**, ensuring adherence to SLAs and providing timely status updates to stakeholders.
- Provided front-line technical support for a large-scale **EHR implementation programme**, troubleshooting and resolving issues for end-users and escalating complex problems to Level 2/3 support.
- Supported **Role Based Access Control (RBAC) administration** for the EHR system, managing user permissions and access levels in line with security policies.
- Developed and maintained **Standard Operating Procedures (SOPs)** and technical documentation for IT support processes, improving team knowledge sharing and onboarding efficiency.
- Coordinated technical activities and resolved operational issues by collaborating with **programme team members**, IT support teams, and infrastructure teams.
- Configured and supported end-user devices, including **printers and barcode scanners**, ensuring seamless integration with the EHR system.
- Analyzed production logs using **Splunk** and **Dynatrace** to identify root causes for P1/P2 incidents, reducing mean time to resolution by approximately 18%.

SKILLS

IT Support & Service Management – ServiceNow, Incident Management, Request Management, Escalation Processes, SLA Management, Technical Support, ITIL Foundations

EHR Systems – Electronic Health Record (EHR) Implementation, Meditech EHR Support, Role Based Access Control (RBAC)

Operating Systems & End-User Devices – Linux, Windows, Printers, Barcode Scanners

Troubleshooting & Diagnostics – Problem Solving, Technical Troubleshooting, Root Cause Analysis, Diagnostic Skills

Documentation & Reporting – Standard Operating Procedures (SOPs), Training Documentation, Reporting, Microsoft Office Suite (Excel, Word, PowerPoint, Visio, MS Project)

PROJECTS

EHR System Support & Documentation Enhancement

- Developed comprehensive **Standard Operating Procedures (SOPs)** for common EHR support tasks, reducing onboarding time for new support analysts by 30%.
- Managed and resolved over 1,500 tickets related to the **EHR system**, focusing on incident triage, troubleshooting, and timely escalation to specialized teams.
- Created detailed technical documentation and knowledge base articles for the **EHR ICT Support team**, improving first-call resolution rates for recurring issues.

Production Application Monitoring & Automation

- Automated report generation for critical application metrics using **Python scripting**, saving approximately 10 hours of manual work per week for the operations team.
- Monitored enterprise applications using **Splunk** and **Dynatrace**, responding to alerts and managing P1/P2 incidents to maintain service level agreements.
- Performed ad-hoc data analysis and validation using **SQL** across PostgreSQL and Oracle databases to support incident investigation and data integrity checks.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
