PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided day-to-day administrative support to the Procurement Department, assisting with supplier quotations and purchase orders for civil engineering projects.
- Tracked deliveries and managed proof of delivery documentation, coordinating with site teams and suppliers to ensure timely material receipt.
- Assisted with processing returns and credit notes, resolving supplier queries to maintain accurate purchasing records and system updates.
- Liaised with internal managers and accounts colleagues to support purchasing administration across multiple infrastructure projects.
- Maintained accurate procurement records within the department's system, ensuring data integrity for reporting and audits.
- Managed incoming and outgoing supplier correspondence, ensuring clear communication and timely follow-up on outstanding items.
- Supported the ordering process by preparing documentation for new supplier onboarding and verifying compliance with company standards.

SKILLS

Procurement – Supplier Quotations, Purchase Orders, Delivery Tracking, Returns, Credit Notes, Purchasing Records

Administration – Administrative Support, Record Maintenance, Communication, Follow-up, Data Entry

Software – Microsoft Excel, Microsoft Office Suite

Project Context – Civil Engineering, Infrastructure Projects, Plant Hire, Construction

Soft Skills – Organisation, Attention to Detail, Communication Skills

PROJECTS

Procurement Administration for Infrastructure Projects

- Managed the end-to-end process for raising and tracking purchase orders for essential construction materials, ensuring adherence to project timelines and budgets.
- Developed a standardized template for supplier quotation comparison, streamlining the review process and enabling more competitive sourcing across 15+ suppliers.
- Coordinated with logistics teams to monitor delivery schedules for critical plant and equipment, proactively addressing any potential delays and updating site managers.

Enterprise Systems Data Management

- Supported the maintenance of enterprise resource planning (ERP) system data related to procurement and inventory, ensuring accuracy for financial reporting.
- Executed Python scripts to automate the generation of weekly procurement status reports, consolidating data from multiple sources and reducing manual effort by approximately 4 hours per week.
- Performed data validation checks on purchase records using SQL queries against PostgreSQL databases, identifying and rectifying discrepancies before month-end closure.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
