PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Executed manual test cases across diverse web and mobile platforms, identifying and meticulously documenting defects with clear, actionable reports for developers.
- Performed smoke and regression testing cycles to validate new feature deployments and patch releases, ensuring adherence to quality standards before production rollout.
- Supported bug triage meetings by providing detailed analysis of identified issues, collaborating with product managers and developers to prioritize fixes.
- Contributed to the enhancement of QA processes by documenting test case execution steps and standardizing bug reporting templates for improved team efficiency.
- Validated application functionality across multiple browser versions and mobile devices, simulating end-user scenarios to uncover cross-platform inconsistencies.
- Assisted in troubleshooting by inspecting application elements and monitoring network requests using basic browser developer tools.
- Managed test case execution and defect tracking within **Jira**, ensuring all testing activities were logged and progress was clearly visible to the team.

SKILLS

Testing Tools – TestRail, Zephyr, Xray, Jira, Asana

Testing Concepts – Smoke Testing, Regression Testing, Bug Reporting, Bug Triage, Test Case Execution

Web & Mobile – Browser Testing, Mobile Device Testing, Web Application Testing

Development Tools – Browser Developer Tools, HTML, JSON

Methodologies – Agile, Scrum

PROJECTS

Mobile Application Quality Assurance Framework

- Designed and implemented a comprehensive manual testing framework for a new mobile application, covering core features and user flows.
- Executed detailed test cases, identifying and documenting over 150 defects related to UI inconsistencies and functional errors across iOS and Android platforms.
- Collaborated with the development team to reproduce and resolve critical bugs, contributing to a 20% reduction in post-launch critical issues.

Web Application Regression Test Suite Enhancement

- Developed and maintained a regression test suite for an enterprise web application, focusing on critical user journeys and business logic.
- Integrated test execution reports into **Jira**, providing clear visibility into test coverage and defect status for sprint planning.
- Performed cross-browser compatibility testing on **Chrome**, **Firefox**, and **Safari**, ensuring a consistent user experience.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
