PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **Tier 1 and Tier 2 technical support** for a diverse range of hardware, software, and SaaS platforms, resolving approximately **45 tickets per week** through a dedicated ticketing system and direct user engagement.
- Diagnosed and resolved end-user issues across **macOS, iOS, and Android** devices, including troubleshooting enrollment, configuration profiles, and policy enforcement for a user base of over **300 employees**.
- Managed **access management and employee lifecycle workflows**, executing onboarding, offboarding, and reorganisation processes to ensure seamless transitions for personnel.
- Authored and maintained **runbooks and knowledge base articles**, documenting solutions for recurring support requests and improving team efficiency by an estimated **15%**.
- Contributed to **automation efforts** by scripting repetitive administrative tasks in **Python**, reducing manual effort for common user requests.
- Assisted with the administration and troubleshooting of core SaaS platforms including **Google Workspace** and **Slack**, managing user permissions and workspace configurations.
- Participated in an **on-call rotation**, responding to urgent operational issues and providing hands-on support for user technology and **AV systems** outside of standard business hours.

SKILLS

Operating Systems – macOS, iOS, Android, ChromeOS, Linux

Support & Administration – Ticketing Systems, Google Workspace, Slack, GitHub, Atlassian, Access Management, MDM Fundamentals, Identity and Access Management, SSO, MFA

Scripting & Automation – Python, Bash

Hardware & Software Troubleshooting – Device Enrollment, Configuration Profiles, Policy Enforcement, AV Systems, Printers

Cloud & SaaS – AWS (EC2, S3, Lambda, CloudWatch)

PROJECTS

IT Operations Automation with Python

- Developed a **Python script** to automate the bulk creation and deactivation of user accounts within Google Workspace, reducing onboarding time for new hires by **30%**.
- Implemented error handling and logging within the automation script to ensure reliability and facilitate troubleshooting of account provisioning workflows.
- Created user-friendly documentation and provided training to the IT support team on the script's usage and maintenance.

End-User Device Management Enhancement

- Assisted in the rollout and configuration of a new **MDM solution** for macOS devices, streamlining device enrollment and policy deployment for over **100 endpoints**.
- Troubleshoot device-specific issues related to application deployment and security settings, improving device compliance by **20%**.
- Contributed to the creation of standardized device setup guides for IT support staff, ensuring consistent configurations across the fleet.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
