PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained production web pages using **JavaScript**, **HTML**, and **CSS**, ensuring cross-browser compatibility and responsive design for a public-facing documentation platform.
- Engineered **Python** scripts to automate website generation, content aggregation, and publishing workflows, improving the efficiency of documentation deployment by **30%**.
- Integrated the documentation platform with backend **REST APIs** for search and content discovery services, enabling asynchronous data fetching and real-time UI updates.
- Owned and enhanced **Azure DevOps (ADO) pipelines** for building, testing, and deploying documentation releases across QA and production environments, increasing release repeatability.
- Wrote and maintained **PowerShell** scripts for automating validation checks and deployment steps within publishing workflows, reducing manual intervention by **~40%**.
- Debugged complex issues spanning frontend code, **APIs**, and backend services, collaborating with infrastructure and release teams to ensure platform stability and performance.
- Containerized documentation platform services with **Docker** and managed deployments on **AWS EC2** instances, ensuring consistent environments and simplifying scaling.

SKILLS

Web Technologies – JavaScript, HTML, CSS, REST APIs, Fetch API

Backend & Automation – Python, PowerShell, Scripting

DevOps & CI/CD – Azure DevOps (ADO), Docker, Jenkins, Git

Cloud Platforms – AWS (EC2, S3, CloudWatch)

Development Tools – Jira, Confluence

PROJECTS

Automated Documentation Publishing Pipeline

- Developed a **Python**-based system for automating the build and deployment of static documentation websites, integrating with **Git** for version control.
- Implemented asynchronous **API** calls within the publishing workflow to fetch content from various sources, reducing manual data aggregation time by **~60%**.
- Configured **Azure DevOps (ADO) pipelines** to orchestrate the entire publishing process, from code commit to production deployment, ensuring consistent and repeatable releases.

Interactive Documentation Search Integration

- Built frontend components using **JavaScript** and **HTML** to display search results and interactive documentation content, enhancing user experience.
- Integrated a third-party search service via **REST APIs**, handling streaming responses to provide incremental results and improve perceived performance.
- Managed UI state for interactive features like filtering and sorting of search results, ensuring a smooth and responsive user interaction.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
