PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the **Quality Management System (QMS)** lifecycle for external partners, including **change controls, deviations, and CAPAs**, ensuring alignment with cGMP/GDP standards.
- Coordinated and approved **Validation Protocols and Reports** for CMOs, verifying statistically justified approaches and ensuring protocol-to-report traceability.
- Led investigations for **customer and supplier complaints**, performing root cause analysis and verifying the effectiveness of corrective actions.
- Oversaw the **Reference and Retain Samples programme**, defining storage, chain of custody, and retention periods to meet regulatory expectations.
- Authored and maintained **SOPs** and controlled documents, managing version control and ensuring timely training assignment for quality procedures.
- Administered the **Environmental Monitoring (EM) programme** data review and trending for retained facilities, ensuring compliance with quality standards.
- Containerised **Java Spring Boot** applications for deployment to AWS EC2 instances, managing CI/CD pipelines using **Jenkins** and **Git** for automated builds and testing.

SKILLS

Quality Assurance – cGMP, GDP, QMS, CAPA, Deviations, Change Control, Audits, Validation, Quality Manual, SMF, Product Quality Review (PQR).

Regulatory Compliance – Data Integrity, GDPR, Regulatory Affairs, HPRA, Marketing Authorisations.

Project Management – SOP Authoring, Training Delivery, Stakeholder Management, Root Cause Analysis, Risk Assessment, Documentation Archiving, Logbook Management.

External Partner Management – CMO Oversight, Contract Lab Qualification, 3PL Qualification, Quality Business Reviews, Method Transfers.

Technical Skills – Java, Spring Boot, REST APIs, SQL, PostgreSQL, AWS, EC2, Jenkins, Git, Docker, Linux, Python, Splunk, Dynatrace.

PROJECTS

QMS Enhancement for Contract Manufacturing Operations

- Developed and implemented a standardized process for managing **change controls** and **deviations** for contract manufacturing partners, reducing average approval time by **18%**.
- Designed and deployed automated reporting for **CAPA effectiveness** tracking, consolidating data from multiple sources into a unified dashboard for management review.
- Authored new **SOPs** for CMO batch record review and archiving, ensuring compliance with cGMP and GDP requirements and improving audit readiness.

Automated Production Release Workflow

- Engineered a **Python** script to automate the initial validation checks for raw material certificates of analysis, flagging potential discrepancies before manual review and reducing manual effort by **30%**.
- Integrated the script with an existing **Jira** workflow to automatically create tickets for flagged issues, streamlining the exception handling process.
- Developed unit tests using **pytest** to ensure the reliability and accuracy of the data parsing and validation logic.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
