PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed user queries via email and phone for a **Supply Chain Platform**, resolving issues and proposing workarounds to maintain operational continuity.
- Analyzed and triaged reported issues for internal and external clients on a **business-critical application**, ensuring prompt follow-up until resolution and providing proactive user communication.
- Monitored system performance and generated operational reports for a **payments operations dashboard**, ensuring required controls were executed and documented.
- Developed and maintained **Java Spring Boot** REST APIs for cross-service data exchange, implementing request validation and circuit-breaker patterns to enhance system resilience.
- Collaborated with cross-functional teams to gather requirements for system enhancements and bug fixes, participating in **Agile ceremonies** and contributing to sprint planning.
- Containerized Java applications using **Docker** and managed deployments on **AWS EC2** instances, ensuring consistent environments across development and production.
- Provided production support for enterprise applications, including **incident response** for P1/P2 issues and SLA management using **Splunk** for log analysis and monitoring.

SKILLS

Application Support – Issue Analysis, Incident Management, User Queries, Problem Management, System Monitoring, Change Management, Service Level Agreements (SLAs)

Programming Languages – Java, Python, SQL

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn

Databases – PostgreSQL, MySQL, Oracle

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Tools & Technologies – Splunk, Dynatrace, Jira, Confluence, MS Office (Excel, Word, PowerPoint)

PROJECTS

Enterprise Payments Operations Dashboard Support (HCL Technologies)

- Provided critical production support for a financial-services operations dashboard, focusing on transaction monitoring and alerting for failed payment messages.
- Analyzed and resolved production incidents impacting the dashboard's operational alerting capabilities, ensuring minimal disruption to client operations.
- Collaborated with business analysts and operations teams to triage issues, document workarounds, and contribute to the change management process for enhancements.

Java Application Integration & Automation (HCL Technologies)

- Developed and maintained **Java Spring Boot** microservices to support enterprise business system integrations, handling data flows across PostgreSQL and Oracle databases.
- Automated data validation and reporting tasks using **Python scripting**, reducing manual effort by an estimated 15% for the support team.
- Containerized services with **Docker** for streamlined deployment via **Jenkins** CI/CD pipelines, improving deployment frequency and consistency.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
