PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Designed and developed **Java Spring Boot** microservices and **REST APIs** for enterprise applications, collaborating with cross-functional teams to deliver features from conception to production deployment across full software development lifecycle.
- Built end-to-end full-stack features using **React, TypeScript, Java, and Spring Boot**, integrating with **AWS** services (**EC2, S3, Lambda, CloudWatch**) to support dealer-facing and customer-facing products.
- Implemented automated **CI/CD pipelines** with **Jenkins** and **Git**, enabling rapid, reliable deployments while maintaining code quality through peer reviews and adherence to service-oriented architecture principles.
- Owned reliability and observability responsibilities using **Splunk, Dynatrace, CloudWatch**, and automated alerting; responded to P1/P2 incidents with **<5% SLA breach rate**, demonstrating deep understanding of system health and performance monitoring.
- Wrote clean, well-tested code with comprehensive unit tests and integration tests, performed root-cause analysis on production issues, and provided high-quality code review feedback to maintain engineering excellence across team.
- Developed **Python** automation scripts for data pipelines, ETL workflows, and scheduled reporting; optimized **SQL** queries across **PostgreSQL, MySQL, Oracle** databases, improving data validation efficiency and system performance.

SKILLS

Languages & Frameworks – Java, Spring Boot, Python, TypeScript, React.

Backend & Data – REST APIs, Microservices, SQL, PostgreSQL, MySQL, Oracle, ETL.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux.

Observability & Reliability – Splunk, Dynatrace, CloudWatch, monitoring, incident response.

Development Practices – Unit testing, code review, Agile/Scrum, design patterns, OOP.

Data Engineering – pandas, NumPy, data pipelines, automation scripting.

Credentials – MSc Data Analytics, Bachelor of Engineering (Computer Science), IELTS Band 7.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin** **02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India** **01/2021**

PROJECTS

Full-Stack Dealer Product Feature Development (HCL Technologies)

- Designed and implemented new dealer-facing product features using **Java Spring Boot** backend services and **React TypeScript** frontend components, working closely with product managers to translate requirements into

scalable solutions.

- Integrated third-party APIs and partner services with existing **microservices architecture**, ensuring robust error handling, data validation, and seamless communication across **AWS**-hosted infrastructure.
- Established testing discipline by writing comprehensive unit and integration tests, conducting peer code reviews, and deploying features through automated **CI/CD pipelines** with zero production regressions.

Enterprise Application Monitoring & Reliability Engineering (HCL Technologies)

- Owned production support and observability for mission-critical enterprise **Java/.NET applications**, leveraging **Splunk, Dynatrace, CloudWatch** to proactively detect and resolve performance issues before user impact.
- Responded to P1/P2 incidents with rapid root-cause analysis, implemented automated alerting and monitoring rules, and collaborated with engineering teams to prevent recurrence through architectural improvements.
- Developed **Python automation scripts** for alert aggregation, log analysis, and reporting workflows, reducing manual troubleshooting time by **30%** and improving system observability across multiple environments.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
