PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed IT infrastructure and network connectivity for **5+ construction project sites**, ensuring seamless voice and data communication.
- Administered the **IT hardware lifecycle** process, including procurement, deployment, and decommissioning of assets across main offices and project locations.
- Supported the implementation of **CJK cybersecurity strategy** by managing user access controls and assisting with security awareness campaigns.
- Oversaw **Microsoft 365 administration**, including user lifecycle management, license allocation, and access permissions for SharePoint, groups, and distribution lists.
- Provided technical support for **project management platforms** and core business systems, troubleshooting issues and coordinating with the Managed Service Provider for escalations.
- Ensured data integrity across systems by performing regular validation checks and assisting with the development and implementation of **SharePoint platforms** for departmental use.
- Coordinated all IT training initiatives and delivered system briefings on CJK IT infrastructure and cybersecurity protocols to new end-users.

SKILLS

IT Administration – IT Support, Hardware Lifecycle Management, Software Licensing, Site Setup, User Lifecycle Management, Access Controls

Networking & Connectivity – Voice Lines, Internet Lines, Site Connectivity

Microsoft 365 – SharePoint, User Management, License Management, Groups, Distribution Lists

Cybersecurity – Cybersecurity Controls, Training, Awareness Campaigns

Business Systems – Project Management Platforms, Core Business Systems

Reporting & Data – Data Integrity, AI Initiatives

End-User Support – IT Requests, Ticketing, Escalation, Briefings

PROJECTS

IT Infrastructure Rollout for Construction Sites

- Deployed and configured end-to-end IT infrastructure for **multiple new construction project sites**, including network setup, hardware installation, and essential software deployment.
- Managed communication line provisioning and maintenance (phone and internet) for remote sites, ensuring reliable connectivity for project teams.
- Provided on-site IT support and troubleshooting for newly established project locations, resolving issues related to hardware, software, and network access.

Microsoft 365 & SharePoint Platform Enhancement

- Assisted in the development and implementation of **SharePoint sites** tailored for specific departments, improving collaboration and document management workflows.
- Administered user accounts and permissions within Microsoft 365, ensuring correct authorization and access to files, sites, and shared resources.
- Supported software licensing monitoring and renewals, contributing to efficient resource allocation and cost management for IT assets.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
