PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided 1st and 2nd line IT support to over **150 employees** using **Jira Service Desk**, resolving an average of **12 tickets daily** across hardware, software, and network issues.
- Installed, configured, and maintained **company devices** including **desktops and laptops**, managing deployments for new hires and hardware refresh cycles.
- Managed user accounts, email configurations, and **IT access controls** across **Microsoft365** and internal systems, ensuring adherence to security policies.
- Troubleshoot and resolved issues for **travel industry-specific systems** and applications, collaborating with business analysts to understand unique operational workflows.
- Ensured stable **network connectivity** and troubleshoot internet or system outages for both on-premises and remote staff, minimizing disruption to operations.
- Performed daily checks on **backups and other IT systems**, monitoring for potential risks and escalating vulnerabilities to the IT security team.
- Maintained comprehensive **IT documentation**, including troubleshooting guides and system configurations, to support the IT team and end-user self-service.

SKILLS

Support Tools – Jira Service Desk, ServiceNow, Confluence

Operating Systems – Windows 11, macOS, Linux (Ubuntu)

Microsoft Ecosystem – Microsoft365, Active Directory, DNS, DHCP, Azure Cloud Services

Hardware & Networking – Desktops, Laptops, Printers, Switches, Firewalls, Basic Networking

Cloud Platforms – AWS (EC2, S3, CloudWatch)

Scripting & Automation – Python, Shell Scripting

PROJECTS

IT Support Automation and Documentation Overhaul

- Developed **Python scripts** to automate common IT support tasks, including user account creation and software deployment, reducing manual effort by **~20%**.
- Created detailed troubleshooting guides and **system configuration documentation** for common hardware and software issues, improving resolution times for the support team.
- Implemented a structured process for managing the **Company IT Equipment Asset Register**, ensuring accurate tracking of over **200 devices**.

Network Connectivity and Access Control Enhancement

- Assisted in troubleshooting and maintaining **network connectivity** for office locations and remote users, resolving connectivity issues for approximately **75 employees** during a network upgrade.
- Managed user access controls within **Active Directory** and **Microsoft365**, implementing group policies and permissions to enforce security best practices.
- Supported the configuration and maintenance of office **printers and other IT hardware**, ensuring reliable operation for daily business needs.
