PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided first-line IT support, resolving approximately **40 user queries weekly** related to hardware, software, and connectivity issues.
- Configured and prepared **10-15 new laptops monthly** for onboarding employees, ensuring all necessary software and network access were established.
- Assisted in the responsible and secure use of **AI tools**, including drafting initial usage guidelines and supporting user queries.
- Developed **Python scripts** to automate common IT tasks, such as log analysis and basic data extraction, reducing manual effort by an estimated **15%** for routine operations.
- Supported the onboarding and offboarding of **over 50 employees** by managing IT account access, equipment provisioning, and de-provisioning.
- Created and updated **user guides and FAQs** for common IT issues and M365 tools, contributing to a **10% reduction** in repeat support tickets.
- Managed IT asset records and basic documentation for over **200 devices**, coordinating with the Digital Solutions & IT Manager for escalations and inventory updates.

SKILLS

IT Support – First-line support, Troubleshooting, Hardware setup, Software installation, User queries, Onboarding/Offboarding support, Asset management

Operating Systems & Cloud – Windows, Microsoft 365, Outlook, Teams, OneDrive, SharePoint, AWS (EC2, S3, Lambda, CloudWatch)

Scripting & Automation – Python, Shell scripting

Digital Tools & AI – AI tools (e.g. Microsoft Copilot), Digital solutions, Automation initiatives, Knowledge sharing

IT Operations – Licence management, Access requests, Password resets, MFA queries, Basic documentation

PROJECTS

IT Support Automation & Documentation Enhancement

- Developed **Python scripts** to automate the generation of weekly IT support ticket summaries and asset inventory reports, saving an estimated **4 hours of manual work** per week.
- Created a comprehensive set of **user guides and quick-start materials** for Microsoft 365 applications and new digital tools, improving self-service resolution rates by **20%**.
- Assisted in documenting the deployment process for new employee hardware, ensuring clarity and consistency for IT onboarding procedures.

Digital Solutions Knowledge Sharing Platform

- Designed and delivered **two lunchtime knowledge-sharing sessions** on effective use of Microsoft Teams and basic Python scripting for automation, attended by **15-20 colleagues**.
- Contributed to a central knowledge base by documenting workflows for **approved AI tools**, focusing on responsible usage and data protection compliance.
- Collaborated with the Digital Solutions & IT Manager to convert common IT queries into accessible slide decks and FAQs for the company intranet.
