PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **Level 2 technical support** for desktops, laptops, and remote users across a fleet of **~300 devices**, resolving an average of 15 tickets daily.
- Administered **Microsoft 365 services** including Outlook, Teams, and SharePoint, managing user accounts and troubleshooting access issues for **over 250 employees**.
- Supported and maintained **Windows 10/11 environments**, diagnosing and resolving common issues related to networking, printers, and hardware failures.
- Assisted with server support tasks, including **Active Directory user management**, scheduled patching, and verifying daily backup operations.
- Managed user access and security configurations within **Azure AD (Entra ID)** and **Intune**, implementing Multi-Factor Authentication and ensuring compliance with security policies.
- Troubleshoot **networking fundamentals** such as DNS, DHCP, VPN connectivity, and TCP/IP issues for both internal and remote users.
- Participated in IT projects for system upgrades and continuous improvement initiatives, contributing to the deployment of new software and hardware.

SKILLS

Microsoft 365 – Outlook, Teams, SharePoint, OneDrive, Exchange Online

Azure – Entra ID, Intune, MFA, User Access Management

Desktop Support – Windows 10/11, Laptops, Mobile Devices, Remote Users

Networking – DNS, DHCP, VPN, TCP/IP

Server Administration – Active Directory, Patching, Backups

IT Support Tools – Ticketing Systems, Jira, Confluence

Security – Endpoint Protection, Compliance Standards

PROJECTS

Enterprise Desktop & M365 Support Enhancement

- Developed a comprehensive **troubleshooting guide for common Windows 10/11 issues**, reducing average resolution time for Level 1 support by **~18%**.
- Streamlined the onboarding process for new employees by creating automated scripts for **Microsoft 365 account setup** and initial software deployment.
- Collaborated with the operations team to monitor system health and performance using **Dynatrace and Splunk**, identifying and resolving performance bottlenecks.

Azure AD & Intune Policy Implementation

- Implemented and enforced granular access control policies within **Azure AD (Entra ID)** and **Intune** for sensitive company resources.
- Configured and managed **Multi-Factor Authentication (MFA)** for all user accounts, significantly enhancing the security posture against unauthorized access.
- Assisted end-users with device enrollment and policy compliance within the **Intune Endpoint Manager** environment, ensuring adherence to company IT standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021
