PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Installed and routed **cables neatly and safely** across multiple construction sites, adhering to project plans and ensuring clean, organised pathways.
- Executed terminations and make-offs for **data, network, and low-voltage cabling**, integrating new systems into existing infrastructure with precision.
- Performed basic **fault finding and testing** on installed systems, diagnosing issues and implementing initial resolutions to maintain system integrity.
- Assembled and configured **rack rooms and headends**, organising equipment and ensuring tidy, accessible environments for future maintenance and upgrades.
- Collaborated with **Project Managers and Senior Engineers** to understand project scope, technical requirements, and installation priorities, ensuring on-time delivery.
- Gained practical, hands-on experience with a range of **power tools, hand tools, and fixings**, applying them safely and effectively during site installations.
- Managed and maintained **inventory of installation materials** on-site, tracking usage and ensuring adequate stock for project completion and reporting.

SKILLS

Installation & Cabling – Structured Cabling, Data Cabling, Network Cabling, Low-Voltage Cabling, Cable Routing, Termination, Make-off, Containment Systems, Rack Installation, Headend Configuration

Tools & Equipment – Power Tools, Hand Tools, Fixings, Cable Testers, Crimping Tools

Systems Integration – Audio Visual (AV) Systems, Security Systems, Alarm Systems, CCTV, Access Control, Smart Automation, Networking

Site Operations – Site-Based Installation, Drawing Interpretation, Technical Instructions, Fault Finding, Testing, Site Organisation, Material Management

Professional Qualities – Neat Workmanship, Accuracy, Reliability, Punctuality, Professionalism, Willingness to Learn, Teamwork, Client Site Management

PROJECTS

Structured Cabling Installation for Enterprise Network Upgrade

- Installed over 5km of **Cat6a structured cabling** across three floors of an office building, meticulously routing cables through containment and plenum spaces.
- Terminated and tested **network data points** using RJ45 connectors, ensuring all connections met industry standards and passed certification tests with **98% pass rate** on first attempt.
- Collaborated with the IT team to understand the network topology and ensure seamless integration of new cabling infrastructure into the existing network environment.

Security System Deployment and Integration

- Installed and configured **access control panels and sensors** for a new commercial facility, following detailed installation schematics and manufacturer guidelines.
- Performed initial **fault finding and basic testing** on CCTV camera feeds and alarm triggers, resolving minor connectivity issues to ensure system functionality.
- Assisted senior engineers with the **termination of low-voltage wiring** for security devices, ensuring all connections were secure and properly documented.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
